[UW-Whitewater outlines plans](#) for students to come back in the Fall

Frequently Asked Questions

When can a recovering COVID-19 patient return to work?

Ensure that employees who have symptoms of respiratory illness stay home and do not come to work until:

- They are free of fever ($>100.4^{\circ}\text{F}$) AND respiratory symptoms (for example, cough, shortness of breath) for at least three days (72 hours) without the use of fever-reducing medicine; AND
- Ten days have passed since symptoms first appeared.
