Attest — Board adjourned, sina die. James Caffery
Village Clerk

The Mayor and Aldermen elect having duly qualified, met pursuant to the call of the Mayor, at the office of the Mayor, Tuesday evening May 12th, 1885, at 7:30 p. m.

There were present the Mayor, Ald. Edwards, Goodhue, Morey, Rossman, Roberts, and Trautman. Ald Morey was made Sec. pro tem. The mayor read his message. (See opp page).

On motion of Ald. Goodhue the Council proceeded to the election of a city clerk. On the informal ballot, C. I. Walton received four votes and J. G. Kistol 2 votes. Ald. Morey moved that the ballot be declared formal, which motion was carried and C. I. Walton was declared elected City clerk. On notification the clerk elect appeared before the council ~~and~~ the oath of office was administered to him and he entered upon the duties of his office.

On motion of Ald. Goodhue the Council proceeded to ballot for the election of City Marshal. On the informal ballot G. McCart received 3 votes, W. M. King 2 and C. Finch 1 vote. On the formal ballot G. McCart received 4 votes and King 2 votes, and McCart was declared elected, City Marshal.

On motion of Ald. Goodhue the council cast an informal ballot for Supt. of Streets, and Henry Cornish received 4 votes, E. S. Redington 1 vote and G. Nickerson 1 vote. On the formal ballot H. Ordinance No. 3.

ENCUMBRANCES ON STREETS.

The Common Council of the City of Whitewater do ordain as follows:

SECTION 1.—No person shall place or have any carriage, cart, wagon, sleigh, buggy, box, sled, lumber, firewood, or any other material or substance whatever, upon any street, sidewalk, crosswalk, or public ground in this city. Any person who shall not forthwith remove the same when notified so to do by the mayor or any alderman, marshall, or superintendent of streets, of this city, shall forfeit and pay a penalty of not less than two dollars nor more than twenty-five dollars; provided, however, that the council or mayor may grant permission to any person to use such portions of any sidewalk, street or alley as they may see fit, for the piling of building material to be used for the erection or repairing of any buildings within the city.

SECTION 2.—Every owner or occupant of any lot or building in this city shall forthwith remove all filth, dirt, rubbish, or other substance of any kind whatsoever from the sidewalks and streets adjacent thereto, when notified to do so by the superintendent of streets, and, in default thereof, it is hereby made the duty of the superintendent of streets to cause the same to be done, and report the cost and charges of such removal to the common council that the same may be levied as a special tax upon such lots or buildings.

SECTION 3.—It is hereby made the duty of every owner or occupant of any lot or building in this city to remove all snow or ice within twelve hours after it shall have fallen or been deposited on the sidewalk or sidewalks adjacent to such lot, and in case any owner or occupant of such lot or building shall neglect or refuse to comply with the provisions of this section, then it shall be the duty of the superintendent of streets to remove all such ice or snow, and report the costs and charges to the common council, that the same may be levied as a special tax against such lot or building.

SECTION 4.—If any person shall ride, drive or lead any horse, mule cattle, or other animal on any sidewalk or grass or public lawn, or in any way do damage to any sidewalk, grass or public lawn, he shall upon conviction thereof be fined not less than two dollars.

SECTION 5.—Any person who shall remove any dirt, sand or stone out of any street or alley within this city without first obtaining permission from the mayor, (in writing,) shall upon conviction thereof be fined not more than five dollars for each and every offense.

SECTION 6.—If any railroad corporation operating a railroad within the limits of this city shall obstruct any street of this city by placing or stopping any freight train or cars upon any such street so that the same shall be obstructed for space of more than five minutes, said corporation shall forfeit and pay a penalty to said city of Whitewater of twenty dollars, to be recovered by suit against said corporation on behalf of said city.

Approved June 6th, 1885.

S. BISHOP, Mayor.

Ordinance No. 4.

The common council of the City of Whitewater do ordain as follows:

SECTION 1.—No person shall maintain, erect or use any slaughter house within this city without first obtaining from the common council a permit therefor, which permit shall specifically designate the location thereof, and shall not be for a longer time than one year, and may be revoked by the common council when in its judgment the public good may so require.

SECTION 2.—If any person shall kill, slaughter or dress any beef, calf, hog, pig, sheep or lamb within the limits of this city, unless the same shall be done at some slaughter house duly licensed as herein provided. Such person shall forfeit and pay a penalty of five dollars for each and every animal so killed, slaughtered or dressed: provided, that any resident of the city may kill and dress upon premises occupied by him, any of the animals herein mentioned, when such animals have been raised or bought and fattened by himself for his own consumption.

SECTION 3.—If any person shall, within the limits of this city, throw or deposit in any pond, ditch, stream, or water course, natural or artificial, any carcass, animal substance or offal of any kind, he shall forfeit and pay a penalty of not less than one dollar nor more than ten dollars.

SECTION 4.—If the owner or occupant of any grocery, cellar, tallow chandler shop, soap factory, tannery, stable barn, privy, sewer, or other unwholesome or nauseous houses or places within the limits of this city, shall refuse, or for the space of twenty-four hours after receiving notice as hereinafter provided, shall neglect to cleanse remove or abate the same as the common council may from time to time order and determine, he shall forfeit and pay a penalty of not less than three dollars nor more than twenty-five dollars.

The order and determination of the common council in relation to any of the subjects or matters embraced in this section, may be communicated verbally to the person or persons to be affected thereby, by the marshall or his assistants, and no other or further notice shall be required.

Approved June 6th, 1885.

Ordinance No. 5.

The Common Council of the City of Whitewater do ordain as follows:

SECTION 1.—It is hereby made the duty of the mayor of this city to appoint a pound-master, who shall hold his office during the pleasure of said mayor, and until his successor shall have been appointed.

SECTION 2.—Each and every building or enclosure provided by said city, or by any pound-master, for the restraining and safe-keeping of any animals found running at large, contrary to the provisions of this ordinance or any law of this State, shall be deemed and taken to be for all the purposes of this ordinance a public pound.

SECTION 3.—The pound-master of this city shall have charge of the public pound of the city, and of all animals placed therein, pursuant to the provisions of this or any ordinance of this city, or laws of the State of Wisconsin, and shall perform such duties as may be required of him by any ordinance, by-law or regulation of said city or law of the State.

SECTION 4.—It shall be lawful for any officer or other person who shall find any animal at large, contrary to the provisions of any ordinance of this city or law of this State, to take such animal to any public pound of said city, and give such animal into the charge and custody of the keeper of said pound, and the said pound-master shall thereupon take such animal into his custody, and safely keep the same in the public pound, furnishing it with proper food and drink, and such animal shall not be released or discharged from the custody of such pound-master until the owner thereof, or some person in his behalf, shall pay to the pound-master, for the use of the city, a penalty of one dollar for each animal so impounded, together with a pound fee of fifty cents for each such animal, and the expenses of keeping the same, to be retained by said pound-master. It shall also be the duty of such pound-master, within two days after taking up or receiving into his custody any animal found running at large, contrary to the provisions of any ordinance of this city or the law of this State, to advertise the same by putting up in three or more public places in said city written or printed notices describing the animal or animals, and advertising the same for sale to the highest bidder, and fixing the time and place of such sale, which shall not be less than five nor more than ten days from the time of posting up such notices. In case any animal so advertise

for sale is not lawfully released from the custody of the pound-master before the time appointed for such sale, the said pound-master shall proceed to sell the same at public auction, at the time and place mentioned in such notice, to the highest bidder, and shall pay the proceeds thereof (after reserving to himself a fee of one dollar for each animal sold, and the expenses of keeping the same), to the city treasurer, and, if the owner of any animal sold as herein provided, shall within six months after such sale apply to the common council therefor, he shall be entitled to an order on the treasurer for the amount for which such animal was sold, after deducting the pound-master's fees and expenses, and the penalty of one dollar for each animal so impounded and sold. The sale of any animal as herein provided shall divest the owner of all right, title and interest in and to the same, and vest the same in the purchaser thereof. If, at the time and place appointed for the sale of any animal, no person shall appear to purchase the same, or if for any cause the pound-master shall deem it for the interest of all concerned so to do, he may adjourn the sale for a time not to exceed five days, and at the same or different place, and at such adjourned day and place proceed as hereinbefore provided; but, in case of any such adjournment, the pound-master shall forthwith annex to the notice of such sale a further notice stating to what time and place such sale has been adjourned.

SECTION 5.—If any person shall break or otherwise damage any pound buildings or enclosures of any kind provided or used by the city or any pound-master for the safe-keeping of any animals committed to the custody of such pound-master, or shall take any animal out of any such pound building or enclosure, or shall interfere with or hinder any person lawfully driving any animal to any pound, such person shall forfeit and pay a penalty of not less than five dollars nor more than twenty-five dollars, together with costs of suit.

SECTION 6.—If any person, being the owner of, or having in his possession, any cattle, goats, sheep, swine, horses, or mules, shall suffer or permit them, or any of them, to run at large within this city, he shall forfeit and pay a penalty of one dollar for each such animal so running at large contrary to the provisions hereof.

SECTION 7.—If any person shall tear down, efface, obliterate, or otherwise injure or destroy any notice posted up according to the provisions of this ordinance, or any other legal notice, or poster, or hand-bill, he shall forfeit and pay a penalty of not less than one dollar nor more than ten dollars, together with costs of suit.

SECTION 8.—If any person owning or having any dog shall suffer or permit it to run at large within the city limits without a good and secure muzzle, between the 1st day of June and the 1st day of September, in each year, he shall forfeit and pay a penalty of one dollar for each such animal or dog so running at large contrary to the provisions hereof, and if any dog be found in this city within the time herein above mentioned, without a good and secure muzzle, it shall be the duty of the marshall to destroy such animal.

Approved June 6th, 1885.

The mayor read the following message.

GENTLEMEN OF THE COUNCIL:

In accordance with the requirements of our Charter, I have the following recommendations and information for the Council:

Last year the Council contracted for 3000 cubic yards of crushed stone for street purposes. They used nearly 2000 cubic yards, covering the entire length of Whitewater street at a cost of about one-half that of the old system of stone roads.

I would recommend that this work of covering our streets with crushed stone be continued this year, using the balance of the stone due on contract, the work to be first done on the business portion of Main and Center streets.

The city has several miles of sidewalks and crosswalks. As it is responsible for all injuries resulting from defective walks, I recommend that you see that all walks are kept in good repair, so that pedestrians may safely travel over them and the liabilities of the city reduced to the minimum.

The cost of lighting the city under the present system is as follows: For 10 electric lights, $1250 per annum: for 100 oil lamps $800 per annum. I recommend that you discontinue the running of the oil lamps and I expend the same sum that it costs for oil lamps for additional electric lights. It is estimated that we can secure 15 arc lights additional for the above sum. This would give the city 25 arc lights, and I think if they were distributed to all parts of the city it would be well lighted and satisfaction given to the citizens in general.

The fire department of the city consists of a hook and ladder company of 25 men fairly equipped, a hose company of 20 men, several hundred feet of hose, and a force pump that supplies water to a part of the business portion of the city. The balance of the city is without any water supply in case of fire. I hope to see the city in the near future adopt one of the systems of water works such as will give us plenty of water in case of fire and pure water for domestic use.

As members of the board of health I would request you to look well to the sanitary condition of the city and see that the ordinances in regard to this department are strictly enforced.

I would recommend that you have a number of copies of the City Charter with amendments, by-laws and ordinances printed and put in pamphlet form for the use of the members of the Council and citizens generally.

Hereafter, in acting upon bills presented against the city, I would favor the examining and auditing the bills of the superintendent of streets the same evening that they are presented, so that those who labor on our streets will not have to wait from two to four weeks before they can draw their pay. I think you can do this without any extra work.

I have examined the books of the City Treasurer and find no moneys on hand in the general fund of the city, but we shall probably receive from licenses about $5,200, and by the amendment to our charter passed at the last session of the legislature, a poll tax of about $800, making in all about $6,000, which sum will nearly pay all the running expenses of the city and the improvements proposed until we shall receive moneys from taxes next January. There is on hand in the school fund of the city about $5,500. This sum with the additions it will receive from the one mill state tax, county tax and otherwise, will pay all running expenses up to January 1st, '88, and purchase fuel and supplies for next winter.

All of which is respectfully submitted for your consideration.

ED. ENGEBRETSEN,
Mayor.

Special meeting of the Common Council
Friday, July 29, 1887, 7:30 p. m.
Called to order by Mayor Engelbretsen
Present: Aldermen Mullen, Klinger,
Morey, Martin and Cooper. Absent, Ald.
Goodline.
The Mayor stated that his object in
calling this special meeting was to
present to the Council a later and
different proposition from the Whitewater
Electric Light Co., he having decided
not to act on the authorization of the
previous meeting, in ordering the five
additional electric arc lights for the city.
The terms of the said later proposition
are embodied in the following resolution
offered by Ald. Mullen.
Resolved by the Common Council of
the city of Whitewater that the
proposition of the Whitewater Electric
Light Co. to furnish to the said
city twenty electric arc lights of
full two thousand candle-power each,
for the term of seven and one
half years, at an annual rental
of Twenty-one Hundred Dollars ($2100.00)
be accepted; also that the said Company
be granted the privelege of furnishing
within six months from the date
of the first lighting of the twenty
arc lights above mentioned, five
additional two thousand candle-power
arc lights for a term which shall
expire at the same time as the
contract for the twenty lights first
stated, at an annual rental of Four
Hundred Dollars ($400.00), the said
privelege to be extended to the
Whitewater Electric Light Co. for six

months only; also that the Mayor and Clerk be and are hereby authorized to make a contract with the said Company according to the terms above stated, and with such additional features as in their judgement may be necessary and desirable."

On motion of Ald. Morey the above resolution was unanimously adopted, as per the following vote: Ayes — Cooper, Martin, Morey, Klinger, Mullen, Noes — none.

On motion of Ald. Klinger the Mayor appointed a committee to investigate the new building of M. P. Webb, on Second St. and report as to whether it is being erected in compliance with the terms of the fire ordinance. The Mayor appointed as such committee, Ald. Klinger, Morey and Cooper.

On motion of Ald. Cooper the meeting was adjourned.

Howe. S. Salisbury.
City Clerk.

Regular meeting of the Common Council, Tuesday, August 2d. 1887, 7:30 p. m.

The Council met, the Mayor presiding. Present; Aldermen Cooper, Martin, Morey and Klinger. Absent; Aldermen Godkue and Mullen. Minutes of two previous meetings read and approved.

Alderman Morey as Chairman of the auditing Committee made the following report:

"To the Honorable, the City Council; The committee appointed to examine the books of the ex-clerk and ex-treasurer J. G. Kestol and F. C. Kiser, have attended to that duty, and beg to submit the following report: The clerk reports outstanding drafts or vouchers for $141.85; the vouchers actually outstanding were $115.41, leaving a balance of $26.44. Amount actually turned over, $38.20, showing a balance of $11.66 more money turned over than the books and vouchers call for, and which in our judgement belongs to the retiring treasurer, Mr. Kiser. We also found that Mr. Kiser paid a voucher of $2.63 which the clerk had no knowledge of and which he did not charge, therefore Mr. Kiser should be entitled to that much more to make the books of Clerk and treasurer balance May 5th, 1887."

"In our examination of the books on the school fund we find the

following: Amount of cash turned over, $461.55; amount of outstanding vouchers 265.09, leaving a balance of $196.55. Mr. Kisek paid two vouchers of previous administration for $6.84, and an error of nine cents on one voucher, showing a balance of $203.48 which the clerk's books show to be the correct amount remaining in the school fund."

The above report was on motion accepted and adopted, and the committee discharged.

Ald. Klinger, for the committee appointed to investigate the Webb building, on Second St., reported that said M. P. Webb, had promised to build in conformity with the fire ordinance. Committee not discharged.

Fire Warden Hatch reported that the defective flue on the building of W. J. Salisbury on Center St. had been replaced by a new one.

On motion of Alderman Martin the bid of Ramie Finch at $2.10 per rod for construction of sidewalk on north side of Milwaukee St. was accepted for that portion of the same not yet built.

The petition of A. W. Hatch and others that one of the new arc lights be placed at the corner of First and North Sts. was presented and referred to Com. of the Whole. Bills No. 34, H. Cornish,

$317.00; No. 35, Pitt Cravath, $14.35; No. 36, Lewis Carpenter $8.85; No. 37, Patrick Muldoon, $32.90; No. 38, E. D. Coe, $46.59 No. 39, John Wright, $3.00; No. 40, E. J. Thompson, $168, were presented and referred to finance committee, by whom they were reported back as correct, and on motion of Ald. Cooper, the clerk was instructed to draw orders on the general fund for the payment of the same.
On motion of Ald. Klinger the Council adjourned.

Regular meeting of the Common Council, Tuesday evening, August 16, 1887, the Mayor presiding. Present Aldermen Martin, Morey, Klinger, Cooper and Goodhue. Absent, Alderman Mullen.

Minutes of previous meeting read and approved.

On motion of Alderman Klinger the Council adjourned till Wednesday evening, August 17, at 7:30 p. m.

Hon. S. Salisbury,
City Clerk.

Adjourned meeting of the Common Council, Wednesday, August 17, 7:30 p. m. the Mayor presiding. Present: Ald. Cooper, Martin, Klinger, Goodhue and Morey. Absent, Ald. Mullen. Minutes of previous meeting read and approved.

A petition for a sidewalk to be ordered built along the north side of Conger St. from Summit to Prince Streets, signed by a majority of the resident lot-owners, was presented and referred to committee on streets and walks.

A petition for the laying and opening of an alley twelve feet wide between Second and Third Sts. through Block 14, signed by a majority of the resident property owners, was presented and referred to committee on Streets and alleys.

The Mayor presented for the consideration of the Council the following message, which was read by the Clerk:

Gentlemen of the Council,

WHITEWATER, WIS., AUGUST 17, 1887.

The question of waterworks has been agitated for some time among our citizens. I have interviewed a number on the subject, and I find them very decidedly in favor of waterworks, for the additional protection from fire and the improvement in the sanitary condition of our city that such a system would give. If we are to have a system of waterworks we cannot expect to have it in operation before next fall, one year from now, because no company would contract to commence work before another spring. The interval between now and then will be no longer than the members of the Council need to make thorough investigation, post themselves on this question and execute a contract for the necessary plant. I have gathered some information in regard to the different systems of water works and the plans upon which they are operated. I find that the system known as the "stand-pipe system," and the annual rental plan seem most desirable, being the ones adopted by the cities of Janesville, Portage, Stevens' Point and Waukesha, in this state. These cities are having waterworks put in this summer, and expect to have them in operation this fall. They are owned and operated by private parties, the cities paying a certain sum per annum for use of water for all public purposes, and for private use a schedule of rates is made by the waterworks companies to consumers. The principal features in contracts made with waterworks companies on the annual rental plan are that cities shall grant them a franchise for a term of years and agree to take water for public use at a fixed annual rate for a certain period; the companies agreeing to put in works of sufficient capacity to supply water for all purposes, public and private, to erect pumping stations constructed of fire-proof material, to put in duplicate sets of pumping machinery, lay lines or mains, usually of cast iron pipe, with ten or twelve double-delivery hydrants to each mile of main, to erect a stand-pipe of solid masonry and iron from 75 to 200 feet in height, according to the natural elevation where works are located, capable of holding 200,000 gallons or more. This stand-pipe acts as a reservoir, and in case of fire the water in one of such capacity would fight an ordinary fire four hours without starting a pump. The supply for public use usually includes water for fire protection, city schools, churches, city offices, drinking fountains, flushing sewers and sprinkling streets. For fire protection in a city the size of Whitewater the companies usually agree to throw five fire streams through 100 feet of two and one-half inch hose with one-inch nozzles to a vertical height of 100 to 115 feet, or horizontally 130 feet in still air, and to be able to fight ordinary fires effectually through 800 to 1,000 feet of hose. For private consumption the schedule rates are usually for dwellings, one faucet $5.00 per annum, each additional faucet $1.50; bath tub $2.00; waier closet $10.00; hose for sprinkling lawns $6.00 to $8.00; meat markets $10.00; barber shops $7.50; hotels, one faucet, $15, additional faucets $3.50 each; stores $7.50.

The principal items which will determine the cost per annum to city for public use are, first, the source of water supply, second, the number of miles of mains, third, the prospects for private consumption. The first of these, the water supply, will in our case be the most difficult to determine whether it shall come from some of the many springs in the vicinity, from running streams emptying into the ponds, from a series of large wells or from an artesian well. If we could get sufficient flow of water from an artesian well it would be the most desirable. I would recommend that the council appoint a committee to thoroughly investigate this waterworks question and ascertain whether the citizens want waterworks or not, and if so, to determine where we shall get the supply, the number of miles of mains required and the system and plan of operation, etc. You could then make plans and specifications for what the city would need, authorize the receiving of bids for the same and make a contract with the lowest responsible bidder.

ED. ENGEBRETSON,
Mayor.

The following bills were presented and referred to finance committee: No. 41, Henry Cornish, $350.53; No. 42, Pat. Muldoon, $10.13; No. 43, C. W. Coburn, $30.15; and No. 44, Ed. Engebretsen, (for the Aetna Powder Co.) $2.50, all of which were reported back as correct, and on motion of Ald. Goodhue ordered paid from the general fund.

The Com. on Streets reported back favorably the petition for walk on north side of Conger St., and on motion of Ald. Martin the same was ordered built, and the clerk instructed to cause the publication of the necessary notice in the official city paper.

Present at roll call Ald. Morey, Cooper, Goodhue, Martin, Wilkinson and Klinger. Absent none.

On motion the regular order of business was dispensed with, and the Council proceeded to open the bids received for the drilling of an Artesian well for the City. The following were found to be the terms of the several bids:

W. H. Gray & Co., Chicago, offer to drill an Artesian well to the depth of 1500 feet, more or less, to pipe the same from the surface to and into bed rock 5 feet, inside diameter to be 8 inches, weight of pipe to be 28⅔ lbs. per lineal foot, the contractor reserving the right to reduce the size of one inch in case of meeting with shelly or caving rock, the pipe to have standard couplings and valves as required in the published specifications, work to be begun at once on the signing of the contract, at $3.40 per foot for the first 1000 feet, and at $4.25 per foot for the balance of the distance. For a well 7 9 inches internal diameter, and piped with galvanized iron drive pipe weighing 35 lbs. per lineal foot, all other conditions remaining the same as in the bid for an 8 inch well, the same contractors agree

Bids for well drilling

Bids for 8 inch drilling

to drill the first 1000 feet at $4.50 per foot, and the balance of the distance at $5.00 per foot. For a well of 10 inches internal diameter, piped to weigh 40½ lbs. per lineal foot, the same parties will sink the first 1000 feet at $5.50 per foot, and the balance of the depth at $6.20 per foot.

J. F. Miller, of Chicago, agrees to drill and complete an 8 inch well, furnishing everything, in accordance with the terms of specifications published in the Whitewater Register of March 16, 1898, at the following prices: For first 1000 feet $2.85 per foot; from 1000 feet to 1500 feet, at $3.25 per foot; from 1500 to 2000 feet, at $4.00 per foot. For a 10 inch well, the same contractor, governed by the same conditions, agrees to drill and complete as follows: the first 1000 feet at $4.50 per foot; the next 500 feet at $5.50 per foot, and the next 500 feet at $6.50 per foot. In either bid he gives the City the right to stop work at any time, with the provision that he shall received pay for at least 600 feet if stopped before that depth is reached; if after that, for only the actual distance drilled. The contractor does not agree to drill more than 50 or 60 feet into the Archaean rock.

Bids of Miller

Goulds & Austin, Chicago, agree to drill an 8 inch well piped with wrought iron tubing, weighing 28.18 lbs. per foot, for $3.50 per foot for the

first 500 feet and 25 cents per foot extra for each additional 100 feet. For a 9 inch well piped with tubing weighing 33.70 lbs. per foot, they are to receive $2.00 per foot for the first 500 feet, and 35 cents additional per foot for each 100 feet sunk. For a 10 inch well piped with tubing weighing 40.06 lbs. per foot, they are to receive $6.00 per foot for the first 500 feet sunk, and 50 cents extra per foot for each additional 100 feet. They do not agree to drill any well for less than $2500, even though work should be stopped before a sufficient amount of work is done to aggregate that sum. The contractors require that in case of delay in the work occasioned by the City, they are to be paid $15.00 for each day thus delayed.

Bids for Well Drilling

W. F. Sealy, of Fond du Lac, Wis., agrees to drill any of the three sizes of wells named in the specifications mentioned above, and according to the terms thereof, at the following prices: For an 8-inch well, any depth, $4.00 per foot. For a 9 inch well, any depth, $4.10 per foot. For a 10 inch well, any depth, $4.25 per foot.

Gray Bros., Milwaukee, agree to drill and complete well according to terms of specifications before mentioned, as follows: For an 8-inch well $4.00 per foot for the first 1000 feet; for the next 500 feet $3.75 per foot; for any depth below 1500 feet, $3.50 per foot. For a 9 inch well, $4.75 per foot for the first 1000 feet; $4.40 per foot for the next 500 feet and $4.00 per foot for any depth below 1500 feet. For a 10-inch well, $5.50 per foot for the

first 1000 feet; $5.00 per foot for the next 500 feet, and $4.50 per foot for any depth below 1500 feet.

The J. F. Gray Co., Chicago, offer to bore and complete an Artesian well according to terms of specifications mentioned, as follows: For an 8 inch well, first 1000 feet, $3.25 per foot; below that $4.00 per foot for any depth. For a 9 inch well, first 1000 feet, $4.00 per foot, any depth below that, $4.50 per foot. For a 10 inch well, first 1000 feet, $5.00 per foot, any depth below that, $5.50 per foot.

Bids for well Drilling

O'Connor Bros., of Fond du Lac, Wis., offer to sink a well or wells, and complete the same according to the specifications mentioned, in a good and workmanlike manner, on the following terms: For an 8 inch well $2.40 per foot for the first 1000 feet, and $2.60 per foot from 1000 feet to completion. For a 9 inch well, first 1000 feet at $2.90 per foot, and $3.15 per foot from 1000 feet to completion. For a 10 inch well $3.85 per foot for first 1000 feet, and $3.50 per foot to completion of well."

On motion of Ald. Morey the Mayor appointed a committee of three, one from each ward, to investigate the bids, and to report on the same at a subsequent meeting. As such committee the Mayor appointed Ald. Morey, Wilkinson and Martin. On motion of Ald. Morey the meeting was adjourned.

On motion of Ald. Mory, the Council on behalf of the City, tendered the donors and those who were instrumental in the furtherance of the public park enterprise, a formal vote of thanks, a copy of the same to be framed by the city clerk, and caused to be published in the official city paper.

On motion of Ald. Martin, the Council adjourned to Tuesday, April 24, 1888, at 7 o'clock p. m.

Howe S. Salisbury
City Clerk.

Adjourned meeting of the Common Council of the City of Whitewater, Tuesday, April 24, 1888, 7:30 p.m., Mayor Engebretsen presiding: Present, Ald. Cooper, Martin, Mory, Wilkinson and Goodhue. Absent, Ald. Klinger. By agreement, the regular order of business was dispensed with.

Ald. Mory for the Com. on Artesian Well bids, reported that said committee find the bid of J. P. Miller, of Chicago, the most favorable for the city, and unanimously recommend that the mayor, clerk and city attorney be instructed to draw up a contract with said J. P. Miller, for drilling an artesian well of six inches diameter. On motion of Ald. Goodhue the report of the committee was accepted and the mayor, city clerk and city attorney instructed to act in accordance with the recommendations of the report and submit the contract to the council for approval.

The mayor submitted to the council a proposition from Duane Starin, in which he offers to grant the city a perpetual lease of one-half acre of ground adjoining the new city park for the purpose of locating an artesian well; the city to have the use of said land, so long as it shall own the well; and in case of its sale to other parties, such parties shall have the privilege of purchasing the land for $20.00. On motion of Ald. Mory, the proposition was accepted on behalf of the city.

The official bond of J. G. Kastol as Justice of the Peace, was presented, and on motion of Ald. Wilkinson, approved.

On motion of Ald. Goodhue the meeting was adjourned.

Mr. J. P. Miller, of Chicago, appeared befor the council and discussed the matter of an artesian well contract, after which the Mayor, clerk and Artesian Well Committee were, on motion of Ald. Cooper, authorized to make and close a contract with said Miller, without further submission to the Council, for the drilling of an artesian well of six inches bore, for the city.

On motion of Ald. Martin, the Council adjourned.

Hon. S. Salisbury
City Clerk

Regular meeting of the Common Council of the City of Whitewater, Wis., Tuesday, May 1, 1888, at 7:30 p. m. Mayor Engebretsen presiding.

Present at roll call, Ald. Martin, Rugger, Wilkinson, Beach, Morey and Cooper.

Absent, - none. Minutes of previous meetings read and approved.

The Mayor submitted the following as his annual message to the Council

The improvements of the past year, as carried out by the Council, exceed those of any previous year in the history of Whitewater. They have consisted largely in the improvements of parts of the main thoroughfares of the city, and in the addition of fifteen arc lights to our system of street lighting. I would like to see all of our streets improved in this way, from year to year, as the funds of the city will admit, consistently with a moderate rate of taxation. The grading necessary to make improvements on some portions of the business streets seemed objectionable to owners of property where streets were cut down, but considering that no grade had been previously established, and no block built with any regard to grade, I think the grade as established conforms well to the buildings generally, and that the value of property is rather increased than diminished by such improvement. In order to remove a great many objections which may arise in future on this grade question. I would recommend the establishing of grades of streets as fast as practicable, so that in grading of lots and erection of buildings there will be in future a basis from which to work.

The streets are well lighted by the twenty-five arc lights, with the exception of two or three localities, and I would recommend the addition of at least three more arc lights to our system as soon as the Electric Light Co., can furnish them, for these points.

The contract having been let for sinking an Artesian well for the purpose of securing a sufficient supply of pure water for public use, I consider this the initiatory step toward waterworks which will give to the city a system of fire protection and sewage, and greatly improve its sanitary condition.

Through the public spirited generosity of some of our citizens the city has become the owner of a tract of land for the purpose of a public park.

To show our gratitude to the donors, and a proper appreciation of their efforts in the public behalf, as well as to contribute to the comfort and pleasure of our citizens generally, I would recommend that there be expended annually a sum of money for the improvement and beautifying of this park, and that such work should be under the supervision of an official selected by the Council for that purpose, whose title should be "Park Commissioner." I would do this for the reason that such supervision will necessitate the devoting of considerable time and attention on the part of whomsoever may have the work in charge, and as the duties which are already incumbent upon the council members, without making any further demands upon their time are amply sufficient.

In regard to the condition of the city finances I find by the City Treasurer's books that the general fund has been overdrawn $443.65. When the estimates were made for the tax levy last year the intention was to have a balance on hand at this time, but owing to the expenditure of between six and seven hundred dollars in the opening of an alley in block 14, and the purchasing of a tract of land for dumping ground, costing $200.00, which items were not included in the estimate, and the return by the City Treasurer of two delinquent taxes, one a personal property tax of $932.65, and a sidewalk tax of $155.99, explains the present condition of this fund. Action has been brought to recover both these delinquent taxes, and no doubt these ammounts will be added to the treasury as soon as the courts render a decision in the cases.

In the school fund there is a balance of $5,589.45. This, with the additions it will receive from the one mill state tax, and other sources, will be sufficient to pay all expenses connected with city schools until January 1st, 1889.

In its police service for the year past I feel that the city has been peculiarly fortunate, and that its officers are entitled to no little credit. The annual reports of the police justices show that there has been paid in fines, etc., $33.00 and that the total expense to the city in the cases wherein it has been plaintiff, is but $22.94.

Likewise in the matter of its Health Officer, I believe the city is to be congratulated. Prompt and decisive action on his part has at times during the year past averted what probably would have proven serious scourges from contagious diseases. I would especially recommend that for the year to come the Council exercise its powers as a Board of Health in such a way as to insure to our city the best sanitary condition possible under existing circumstances.

In conclusion, may the policy of this Council continue, as in the year past, for public improvements, and at the same time conservative, making burdens of taxation equal, and as light as possible; all of which will add materially to the prosperity and welfare of our city, and will enable Whitewater to offer advantages which will compare favorably with any interior city in the state.

Respectfully submitted,
ED. ENGEBRETSEN,
MAYOR.

Mayor Engebretsen appointed the following standing committees to act for the ensuing year:

On By-laws and Ordinances:
Ald. Morey and Wilkinson

On Streets, Alleys and Walks:
Ald. Martin, Beach and Cooper.

On Licenses:
Ald. Cooper and Martin.

On Finance and Accounts:
Ald. Wilkinson, Prugger and Morey.

Bills No. 139, Lewis Carpenter, $7.50; No. 140, Geo. W. Coburn, $6.88; No. 141, Henry Cornish, $166.50, were presented, referred to the Finance committee, by it reported back as correct, with recommendation that they be allowed, and on motion of Ald. Martin such report was accepted and the clerk instructed to draw orders on the general fund for the several amounts.

Ald. Morey for the special committee on Artesian well reported that a contract for such a well, 6 in. six-inch bore, had been awarded to J. P. Miller, of Chicago, at $1.89 per foot to a depth not to exceed 2000 feet, with an option that the said well shall be rimmed to eight inches bore if the Council elect, at 67 cents per foot additional; that the contract had been forwarded for said Miller's signature, and that the committee request a discharge. On motion of Ald. Martin the report was accepted and the committee discharged.

Ald. Morey, for the special committee on investigation of drainage on Whitton St., reported that such committee had made a thorough investigation of the matter and found that the only method practicable for relieving the stoppage of water complained of would be by the opening of the supposed natural watercourse through private property, which on consultation with the city attorney

said committee are advised would be beyond the power of the Council to order. They therefore recommend that no action be taken in the matter. On motion the report was accepted.

Ald. Morey introduced the following resolution and moved its adoption.

"Resolved by the Common Council of the City of Whitewater, Wis., that one Alderman from each ward be appointed to act as members of the Board of Health for the City of Whitewater for the ensuing year, with all the powers conferred by Sec. 1, of Chapter 167 of the Laws of Wisconsin for 1883."

On being put to vote the above resolution was unanimously adopted.

The official bonds of John Barnett as City Treasurer, Hans P. Hale as Constable for the first ward, H. F. Wells as Constable for the Second ward, and Lewis Carpenter as Constable for the Third ward, were presented, referred to the Finance Committee, by it reported as satisfactory, and on motion of Ald. Morey approved.

The applications of M. Meyerskmidt, J. H. Quinn, Connors & Quam, Patrick Connors, Thos. Ryan, Michael Kelmet, Jacob Hoelzer, Pat. B. Connors, Edward Smith, Matthew Galligan, Wm. Michaelis and J. Armstrong for licenses to sell intoxicating liquors in quantities less than one gallon were presented and referred to the committee on licenses.

The committee reported favorably on all the above applications except that of Jas. Armstrong on which it preferred to postpone action until said Armstrong appeared before the Council. On motion of Ald. Morey the license committee's report was accepted,

and licenses ordered issued to the several parties recommended on payment by them of $500 each into the city treasury and the filing of proper bonds with the City Clerk.

On motion of Ald. Morey the Council proceeded to ballot informally for the election of a City Clerk for the ensuing year. The Mayor appointed Ald. Beach and Prugger as tellers. The result of the first informal ballot for City Clerk showed six votes cast; five for Hon. S. Salisbury and one blank. On motion of Ald. Wilkinson the informal ballot was made formal, and Hon. S. Salisbury declared elected as City Clerk.

On motion the Council proceeded to take an informal ballot for City Marshall. The result showed six votes cast, of which Henry A. Fowler received six. On motion of Ald. Prugger the informal ballot was made formal, and Henry A. Fowler declared elected Marshal for the ensuing year.

On motion of Ald. Wilkinson an informal ballot was taken for City Superintendent of Streets, the result showing a total of six votes cast, of which Henry Cornish received six. On motion this ballot was made formal and Henry Cornish declared elected as City Superintendent of Streets for the ensuing year.

On motion of Ald. Wilkinson an informal ballot was taken for City Attorney, on which six votes were cast, of which S. Bishop received six. On motion this ballot was made formal, and S. Bishop declared elected as City Attorney for the ensuing year.

On motion of Ald. Morey an informal

ballot was taken for a Health Officer, On this ballot six votes were cast, Dr. H. E. Lindsay receiving five, and C. F. Miller one. On motion this ballot was made formal and Dr. H. E. Lindsay declared elected as Health Officer for the ensuing year.

On motion of Ald. Morey the office of "Park Commissioner" was created, according to the recommendation of the Mayor's message, and the Clerk instructed to cast one ballot for Lyman M. Goodhue for that position. Lyman M. Goodhue was duly declared elected as Park Commissioner for the ensuing year.

On motion the Council took an informal ballot for City Engineer, resulting in 6 votes cast, of which Pitt Cranath received 6 votes, and was duly declared elected as City Engineer for the ensuing year.

The Mayor appointed Jas. Webb as Pound Master for the ensuing year.

As members of the Board of Health, in accordance with resolution before mentioned, the Mayor appointed Ald. Morey, Prugger and Beach.

A. W. Hatch appeared before the Council as a committee from Curtice Post, G. A. R. and made the request that the Council appropriate the sum of $75 from the general fund to defray the expense of a public observance of Memorial Day; also asking that the Mayor and Council take the exercises in charge, take part themselves and invite the various societies of the city to take part. In reply to such requests the Mayor, Ald. Morey, Ald. Beach and others

of the Council, stated that they considered it beyond the power of the Council as guardians of the public moneys to make an appropriation for such purpose, but as members of the Council would gladly pledge any assistance in their power to give to have the day fittingly observed.

Mr. Jas. Casserly came before the Council to ask that it order the opening of an alley adjoining his premises on Ann St. The matter was referred to the committee on Streets, Alleys and Walks.

On motion an informal ballot was taken for a President of the Council for the ensuing year, on which 6 votes were cast, 4 for E. F. Morey and 2 for H. J. Wilkinson. On motion of Ald. Wilkinson the ballot was made formal, and E. F. Morey declared elected as President of the Council for the ensuing year.

Ald. Wilkinson offered the following resolution, which was on motion of Ald. Morey, unanimously adopted:

"Resolved that the Mayor and City Clerk be and hereby are instructed to bring to the public attention of our citizens the propriety of duly observing Memorial Day, and ask their hearty co-operation with the old soldiers in making the exercises worthy of the occasion."

On motion of Ald. Cooper the meeting was adjourned until Tuesday evening, May 8, 1888, at 7:30 o'clock.

How. S. Salisbury
City Clerk.

Adjourned meeting of the Common Council of the City of Whitewater, Wis., Tuesday, May 8, 1906, at 7:30 p. m. the Mayor presiding. Present, Ald. Martin, Cooper, Bedell, Prugger, Morey and Wilkinson. Absent, none. On motion the reading of the minutes was dispensed with. Bills Nos. 142, Pitt Cravath, $21.30; 143, Hon. S. Salisbury $22.05; 144, M. Meyerschmidt, $18.95, were presented, referred to the finance committee, who reported back Nos. 142 and 143 as correct, with recommendation that the same be allowed. On motion the report was accepted, and the clerk instructed to draw orders on the general fund for the payment of the two bills. Jas. Dunstone being present, the license committee and the Council discussed with him the matter of granting him a license to sell liquor for the ensuing year, and after warning him to comply more closely in future with requirements of the excise laws, under penalty of revocation of license, the aforementioned committee reported favorably on said Dunstone's application. On motion of Ald. Wilkinson the report was accepted, and license ordered granted to Jas. Dunstone on payment by him of $500 into the city treasury, and the filing of the proper bond with the city clerk. For the committee on streets and walks, Ald. Martin reported that in the matter of opening an alley between lots 18 and 19 on Ann St., the said committee does not consider any influence or action on its part justifiable or warranted. On motion the report was accepted. The petition of E. T. Cass and others requesting

that a grade be established on Pratt St., was presented, refered to the committee on streets, by it reported favorably, with recommendation that such grade be ordered established. On motion such report was accepted, and grade ordered. The applications of R. O'Connor & Son, H. J. O'Connor and A. V. Burk & Son, praying that druggists licenses be granted them for the sale of alcohol and intoxicating liquors were presented, refered to the license committee, by it reported favorably, with recommendation that such licenses be granted, and on motion such report was accepted, and the clerk ordered to issue such licenses to the several parties on payment by them of the legal fee into the city treasury. The saloon bonds of Patrick Connors, Pat. B. Connors, Connors & Quann, Edw. Smith, J. H. Quinn, M. Kelnet, Jacob Koelzer, Matthew Galligan, Jas. Kinston, M. Meyerschmidt, Thos. Ryan and Wm. Michaelis were presented, refered to the finance committee, by it reported as satisfactory, and on motion approved and accepted. Ald. Morey offered the following resolutions and moved their adoption.

"Resolved by the Common Council of the City of Whitewater, Wis., that the salary of the city Clerk be, and the same is hereby fixed at $250.00 for the ensuing year; that of the City Marshall at $55.00 per month, that of the Superintendent of Streets at $2.25 per day while in actual service; that of the City Surveyor at fifty cents per hour while in actual service, and that of the

city Assessor at fifty cents per hour while in actual service."

"Resolved by the Common Council of the City of Whitewater, Wis., that the City Marshal and the Superintendent of Streets file each with the City Clerk their official bonds in the sum of $1000 each, with sureties to be approved by the Common Council."

On motion the above resolutions were unanimously adopted.

On motion of Ald. Wilkinson a committee was appointed by the Mayor to procure and furnish a suitable room for the use of the Common Council, such room to be leased for as long a term as may be in their judgement advisable. As such committee the Mayor appointed Ald. Wilkinson and Martin. On motion the meeting was adjourned.

Survey Main St

The City Surveyor made a verbal report of his survey of Main street, stating that the frame part of the flouring mills of Dexter, Bridge & Co., was found to be encroaching on the street twelve and one half (12½) feet on its eastern line and twenty three feet and four inches (23 ft. 4 in.) on its western line.

The petition of J. B. Taylor, J. A. Dudley and others, asking that the Council order the placing of an arc light at the intersection of Whitton and West

Center streets was presented and referred to the committee of the whole.

A petition of Roger Cahill asking that the Council consent to the remission of his fine and costs in a recent case in Justice Court, wherein he was defendant, was presented and read. A motion to remit the fine on petitioner paying the costs, was lost on being put to vote.

It was reported to the council that M. Kelmet had recently been convicted on his own plea, of selling liquor on Sunday Oct. 7, and that at several other times since that date he had been guilty of violating various provisions of the excise law. On motion the Mayor was instructed to summon said Kelmet to appear before the Council at its next meeting, and show cause, if any why his license should not be revoked.

The following resolution was introduced by Ald. Martin, and referred to the committee on streets, alleys and walks:

"Whereas a certain grist-mill, known as the "Stone Mill" and situated on the northeast quarter of the south-west quarter of Section 4, and being east of lot one of block one, village proper (now city) of Whitewater, and adjoining Whitewater creek on the west, all in the city of Whitewater, and on the north side of the highway leading easterly from the east end of Main street in said city encroaches upon the highway twenty three feet and four inches on the west side of said mill, and twelve feet and six inches on the east side of the same; now, therefore, be it resolved by the

Common Council of the city of Whitewater, Wis., that the owners of said mill remove the portion thereof within the limits of said highway within thirty days from the date of the service of a copy of this resolution upon them; and that the clerk cause a copy thereof to be served upon the owners of said mill at his earliest convenience.

On motion of Ald. Morey the meeting was adjourned till Friday Nov. 16, 1855

Ald. Wilkinson offered the following resolution and moved its adoption;

"Resolved that the Mayor and Clerk are hereby authorized and instructed to procure for the use of the general fund of the City of Whitewater, on the best possible terms, twenty-five hundred dollars, to be repaid on Jan. 1, 1859."

On vote the above resolution was adopted unanimously.

On motion of Ald. Morey the meeting was adjourned till Friday Nov. 16, 1855

Adjourned meeting of the Common Council of the City of Whitewater, Wis. Friday, Nov. 16, 1888, at 7:30 p.m. Mayor Engebretsen presiding. Present, Aldermen Snugger, Morey, Wilkinson, Martin and Cooper. Absent, Alderman Beach. On motion of Alderman Snugger the regular order of business was dispensed with.

Ald. Morey, for the Com. on Waterworks, reported that in the judgment of said committee the propositions of C.E. Gray and C.E. Gray, Jr.; Moffet, Hodgkins and Clark; and Bullock and Fitchman, as submitted at this meeting, were the best possible to get. On motion of Ald. Martin the report was accepted.

The three propositions were referred to the Ordinance Committee. The Ordinance Committee reported unanimously in favor of adopting the ordinance authorizing C.E. Gray and C.E. Gray, Jr. to construct a system of Waterworks in the City of Whitewater, Wis. as follows:

An Ordinance

authorizing C.E. Gray and C.E. Gray, Jr. successors and assigns, to construct, operate, and maintain Waterworks in the City of Whitewater, Walworth County, Wisconsin.

Be it ordained by the Common Council of the City of Whitewater, Walworth County, Wisconsin:

Section 1. That C.E. Gray and C.E. Gray, Jr. legal representatives or assigns, be, and they are hereby authorized, subject to the limitations herein or by law provided, to construct, maintain and operate waterworks in or adjacent to the City of Whitewater, Walworth County, Wisconsin, to lay pipes for the carrying and distribution of water, in any of the streets, avenues, lanes, streams, bridges or public grounds of the City of Whitewater, as they are now and may hereafter be laid out, with all necessary and proper buildings, wells, conduits, or other means of obtaining water supply, with all necessary

machinery and attachments thereto, to supply the city and inhabitants thereof with good and wholesome water, suitable for fire and domestic purposes, and for this purpose may enter upon any street, avenue, alley, lane, stream, bridge or public grounds under the control of the city, to take up any pavement or sidewalk thereon, and make such excavations as may be necessary for the laying of such pipes and attachments, provided that such use of such ground be made with the least practicable inconvenience to the inhabitants of said city, that such excavations be guarded by barricades wherever necessary, and lighted at night, and that such sidewalk, pavement or excavation be replaced by and at the expense of the grantees or assigns in as good condition as before and with the least possible delay. The grantees shall be liable for all damages for failure to protect persons and property from injury when occasioned by the negligence of the grantees, their agents or employes, and shall hold the city harmless therefrom.

Section 2. The rights and privileges herein granted to continue for the term or period of twenty five years from and after the passage of this ordinance except as herein provided.

Section 3. The said waterworks shall be complete in all its details. The machinery shall consist of two separate, distinct pumping engines, with suitable attachments, capable of pumping one million five hundred thousand gallons, each, in twenty four hours, when running at a piston speed not exceeding one hundred feet per minute, when working against a head of two hundred feet. The pumps shall be arranged so that they may be worked singly or together, as required, furnishing direct pressure. There shall be erected and maintained in connection therewith an elevated metallic or wooden tank, similar in construction to that at present in use in the waterworks system of the City of Beloit, Wis., high enough to give adequate domestic pressure in any part of the city, and having a storage capacity of

not less than one hundred thousand U.S. gallons; and a storage reservoir at the works of not less than seven hundred and fifty thousand U.S. gallons capacity.

Section 4. There shall be not less than eight miles of cast iron pipe laid, which shall be of ample size to carry out the provisions of this contract, and of affording the city, where said mains are laid, first-class fire protection. All of the water mains used by said grantees, their legal representatives or assigns shall be of the best quality of cast iron, coated inside and out while hot, with water proof varnish, and shall be tested at there place of manufacture, before leaving the shop, to withstand a hydrastatic pressure of three hundred pounds to the square inch. Said mains to be laid at a sufficient depth to prevent freezing. When so laid and completed, the amount of pipe shall be known as the original pipe system.

Section 5. The said works shall be completed to successful operation on or before September 1, 1889. Any delay, however, caused by strikes, malicious interference or order of Court, shall work an extension of time for the loss of time so occasioned.

Section 6. Upon the completion of said works, they shall be tested as to their power and capacity; when said works shall throw water with the aid of their pumping machinery from any six separate hydrants located in the business or manufacturing part of the city at one and the same time, one stream from each hydrant, through one hundred feet of 2½ inch hose and a one-inch ring nozzle, to a height of one hundred feet perpendicularly or one hundred and thirty two feet horizontally in still air, for two consecutive hours, or two streams from any two hydrants in the city, selected by the Council, through 300 feet of 2½ inch hose and one inch nozzle, above the roof of any building now in the city, and if successful the rental for fire service herein

stipulated shall begin, and the said city agrees to furnish said grantees or assigns upon said test, a certificate in duplicate to that effect. And said grantees shall maintain such force during the life of this franchise, and the Common Council may require such test twice in each year by giving one days notice to officer in charge.

Section 7. The machinery and buildings shall be of good material and workmanship, so as to be of permanent value. Building to be of brick or stone, of handsome architectural design, with slate or iron roof, and so constructed that additions thereto can be made when necessary without impairing their use during the time such additions are being made. Said grantees or assigns shall also construct and maintain in good working order an electric fire alarm bell in the pump house, which shall be connected by the said city with the city hall and police stations and with any fire alarm system which is or may hereafter be in use in said city.

Section 8. Before the placing of water mains and pipe upon the streets of said city not having an established grade, the grade of said streets shall be established by said city and in the event that said city neglects to establish such grade and the water mains, on that account, have to be relaid, the city shall bear the expense of relaying said pipe

Section 9. The source of supply for said water works shall be the artesian well lately sunk by the City of Whitewater. And said city shall transfer to grantees, by good and sufficient warranty deed, said artesian well and the one-half acre of ground on which said well is located. In consideration of which, said grantees shall pay the City of Whitewater the actual cost of said well and half acre of land. Whenever, in consequence of a diminished flow of water from the present artesian well (said well flowing at the present time

4,000,000 P.424
4,000,000 U. S. gallons in 24 hours

U.S. gallons, as determined by a test made by the City of Whitewater) the supply of water may prove inadequate, said grantees shall put down another well of equal size and depth and finish, as near as practicable to that recently put down by said city. Said additional well, (or other source of supply, if required) to be procured by the grantees, subject to the approval of the City Council: provided, however, that the City of Whitewater shall pay, in consideration of the expense thereby incurred an additional amount of hydrant rental equal to six per cent. upon the cost of said additional source. The said additional source shall be good and wholesome water, and the cost of procuring same to be determined in advance by a competent hydraulic engineer, who shall be mutually selected for that purpose by the said city and said grantees. Any additional rental paid to said grantees by said city shall be paid to said grantees at the same time and under the same conditions as the hydrant rental on the original eight miles of mains. And the said grantees further agree that they will make a suitable connection with Whitewater Creek, at their own expense, so that in case the supply of water in the reservoir prove inadequate, the water from said Creek may be used for the extinguishment of fires, provided further that no connection shall be made between the said creek and the reservoir or stand pipe.

Section 10. The City of Whitewater hereby agrees to, and does rent from the said grantees or assigns for the term of twenty five years, except as hereinafter provided, ninety six improved, double discharge, frost proof, fire hydrants, to be located by the city and set by the grantees on the aforesaid original pipe system. the thread of the hydrants to fit the hose coupling now in use by the city, and if the city shall at any future time elect to place more hydrants on the original pipe

system, such hydrants shall be placed by the grantees at the expense of the city, and the city shall pay the necessary expense of keeping them in order, but shall pay no rent therefor, nor shall the penalties hereinafter stated apply to such hydrants. Upon such pipe system there shall be placed a sufficient number of gates or valves so as to permit shutting off the water from portions of said system without reference to the general supply. The said city may at any proper season of the year require the said grantees or assigns to make extensions of the pipe system of said works with hydrants placed thereon not less than three hundred nor more than four hundred feet apart, by giving thirty days' written notice to said grantees or assigns. But as a condition of making such extension the said city agrees to pay rent for public fire service upon such extension at the rate of thirty three dollars ($33) per annum for each hydrant for the unexpired term of this franchise and contract.

Section 11. In consideration of this franchise, and as full compensation therefor to the city, said grantees or assigns shall, during the full term of this franchise and contract supply water free of charge for the purposes and use of the building or buildings of its fire department, city offices, free public schools, and two display fountains; also three watering troughs for man and beast, the latter to be supplied by the city with self closing faucets at option of grantees. And the city shall also have the right to use water from all public hydrants during the full term and continuance of this franchise and contract for the purpose of flushing public sewers, drains and gutters, whenever the said city shall deem it necessary for sanitary purposes or fire department practice upon giving notice to said grantees or assigns at the pumping station, said flushing to be done by the city, but there shall not be more than two

hydrants open at one time for such purpose, and no one hydrant shall be opened oftener than twice a week, and not longer than twenty minutes at one time for such purpose, and there shall be no flushing at the time of fire. The city shall use the water as provided in all above cases, in a reasonable manner and without unnecessary waste.

Section 12. The City of Whitewater hereby agrees to use the said hydrants for the extinguishment of fires only, except when used as otherwise herein provided for, and to make good to said grantees or assigns any injury which may happen to any of said hydrants when caused by the carelessness or neglect of the city employes, and hereby agrees and promises to pay an annual rental of four thousand dollars ($4000) for the furnishing of water as herein specified to all public fire hydrants located on the aforesaid original pipe system for the term of twenty five years, or such part of said twenty five years as said waterworks shall be operated under this ordinance, which rental the City of Whitewater agrees to pay in semi annual installments of two thousand dollars ($2000) on the first days of February and August of each year during such term, to the said grantees, or their successors or assigns, as hereinbefore mentioned, provided, however, that all forfeitures under this ordinance which may be due to said city at the time specified for the payment of any hydrant rental shall be deducted from the amount of such payment.

Section 13. A sufficient tax shall be levied and collected annually upon all taxable property in the city subject by law to such tax to meet the payments under this ordinance as they may respectively mature during the existence of any contract for public fire service, which tax shall be irrepealable from and after the passage of

this ordinance, and in case the City Council shall be authorized to levy a special tax for such purpose, such tax shall be annually levied, and the proceeds thereof shall be kept as a separate fund, to be known as the fire hydrant fund, and shall be irrevocable and exclusively devoted to the payment of hydrant rentals under this ordinance, and shall not be otherwise employed, except that any excess of said tax in any one year over the amount necessary to pay rentals for such year may be used for any purpose that the said City Council shall direct.

Section 14. Said grantees or assigns shall constantly day and night, except in cases of unavoidable accidents keep all the said hydrants supplied with water, and upon receiving a fire alarm shall at once furnish sufficient pressure for fire service, and shall keep them in good order and efficiency for such purpose. The chief of the fire department of said city, and in case of his absence, the officer in charge thereof, shall inspect the said hydrants from time to time, and if upon said inspection any of said hydrants are found to be out of working order, he shall forthwith notify the chief officer in charge of the water works in writing specifying the hydrant or hydrants out of working order, and said officer of the water works shall forthwith repair the same, and if not in working order within six days after such notice, the grantees or assigns shall pay to the city a forfeit of ten dollars a week while such hydrant or hydrants remain out of repair.

Section 15. The City of Whitewater, on request of said grantees or assigns, shall adopt and keep in force an ordinance protecting the said grantees in the safe and unmolested enjoyment of the franchise hereby granted; from waste of water by consumers; against the malicious pollution of the source of water supply; and also to carry into effect the provisions of this ordinance

and the contract herein entered into. Said grantees and assigns shall have power to make, adopt and enforce regulations not inconsistent with the law, for the convenience and security of said grantees and assigns, as well as that of the public, in the operating of said water works, and shall have the right at all reasonable hours of the day to have access to the water pipes and meters of any water taker, to protect themselves against abuse and fraud, and repair, observe or remove the same, and may require all water takers to sign a contract to all reasonable regulations as a consideration to furnish water.

Section 16. Said grantees or assigns shall not charge to consumers during the continuance of the franchise granted by this ordinance, exceeding the following water rates, which shall be collected quarterly in advance, and the said grantees or assigns shall have the right at will to supply consumers at meter rates instead of at the assessed rates, provided, however, that said water rates shall not exceed the average rates charged by water works companies in any three cities of Wisconsin of equal population and supplied with a like system. The connections between the mains and the consumers shall be made at the expense of the consumer, and the lowest annual rate to one consumer in any one case shall be.

Section 17. In consideration of the benefits which will be derived by the said city and its inhabitants from the construction and operation of said waterworks; and in further consideration of the water supply thereby secured for public use; and as an inducement for said grantee and assigns to enter upon the construction of the said waterworks, the franchise and license hereby granted shall remain in full force and effect for a term of twenty five years, subject however to a prior termination by the rights of purchase made, as in this ordinance provided. And for

the same consideration and as the same inducement the City of Whitewater hereby vests of the said grantees or assigns, for the uses herein mentioned the hydrants hereinbefore provided for, and during the term of twenty five years from the completion of said works, unless said term shall be sooner terminated as herein provided.

Section 18. The City of Whitewater reserves the right at the expiration of ten years, or any term of five years thereafter, to purchase the water works of the grantees or assigns, together with their extensions, rights and privileges, upon giving the grantees or assigns six months notice thereof in writing, the valuation to be determined by three hydraulic engineers, not in the employ of the city or grantees or assigns, the City Council choosing one, the grantees or assigns one and the third shall be chosen by these two; and the valuation of the works to be determined by these commissioners; or if they fail to agree the majority of them shall define the sum to be paid by the city to the grantees or assigns; and should the city fail to purchase the works then appraised, the expense of the appraisement shall be borne by the city, and the contract between the city and grantees or assigns shall continue in force.

Section 19. In the event that said grantees or assigns shall issue mortgage bonds, secured by mortgage or deed of trust upon said waterworks franchise, rentals, rights and liberties, so much of the hydrant rentals payable under the terms of this contract as will discharge the interest upon said bonds as shown by coupons thereon as it will mature from time to time by the city to the trustee or trustees of such bonds, when and as such hydrant rentals are payable by said city, and such sums shall be paid so long as interest on such bonds shall remain due and unpaid, and the Mayor is hereby authorized and instructed

to sign a certificate certifying to the provisions of this contract, and to affix the seal of the city to such certificate. But the said city shall not be required at any time to pay the said trustee or trustees any greater amount than the amount due to said grantees or assigns; all payments made to said trustee or trustees shall be made exclusively to pay interest on said bonds, so long as the same remain due and unpaid and any surplus not so payable, and the whole after said bonds shall have been paid by said grantees or assigns, shall be paid over by the city to the said grantees or assigns.

Section 20. Within thirty days after the passage of this ordinance said C.E. Gray and C.E. Gray Jr. their successors or assigns, shall file with the City Clerk an acceptance of the same, which acceptance only acknowledged before some officer authorized to administer oaths, shall have the effect of a contract between the city and said C.E. Gray and C.E. Gray Jr. their successors or assigns, hereinbefore termed grantee or grantees, and shall file with said acceptance a bond in the sum of $10,000 with not less than two sureties, to be approved by the Common Council for the faithful performance of any and all of the conditions contained in this ordinance.

Section 21. Wherever the term grantee is used in this document it is understood to mean C.E. Gray and C.E. Gray Jr. their successors or assigns. This ordinance shall take effect, and be in force from and after its passage and publication.

In case the grantees shall fail, by their fault or negligence, for thirty days, to perform their obligations under this contract, the rights and privileges hereby granted may be annulled and withdrawn by the city, and the city shall

others asking the vacating of an alley in Block one Tripp's 2d Addition, running from State Street to the alley running east and west through the center of the block, was reported favorably by the committee on streets and alleys. On motion the report was adopted and the alley ordered vacated.

The following resolution was introduced by Ald. Martin: Resolved, By the common Council of the City of Whitewater, that the City Attorney is hereby instructed to commence an action in the name of the City against A.D. Dexter, A.F. Bridge, George S. Bridge and Charles L. Beach, the owners of the grist mill situated on the north side of Main Street, in this City, for the purpose of compelling them to remove that portion of said mill standing in the highway, namely Main Street: which was amended by Ald. Wilkinson and adopted to read as follows:

Resolved, by the Common Council of the City of Whitewater, that the City Attorney is instructed to cause a survey of the line on Main Street and across the dam connecting Main and State Streets by the County Surveyor and if found to coincide with the survey already made by the City surveyor then he shall ask for or submit propositions to the Mill Company or both for the removal of that portion of the mill South of said line; and in case said Mill Company will neither make propositions which may be accepted by the Common Council, or accept the propositions made by said Common Council, then the City Attorney is hereby instructed to commence an action in the name of the City against A.D. Dexter, A.F. Bridge, Geo. S. Bridge and

Charles L. Beach, the owners of the grist mill situated on the north side of Main Street in said city, for the purpose of compelling them to remove that portion of said mill standing in the highway, namely, Main Street.

The following resolution was introduced by Ald. Martin and on motion adopted: Resolved, By the Common Council of the City of Whitewater, that the Mayor and Clerk are hereby authorized and instructed to cause to be put up at the intersections of all public streets in the city, appropriate guides, designating the names of each such street in plain painted letters of reasonable size, the letters to be painted upon wood or metal.

The following ordinance was introduced and passed its first reading

Be it ordained by the Common Council of the City of Whitewater Wisconsin that Section Sixth of ordinance twenty (20) which ordinance was passed and adopted, and known as the Water-Works ordinance be and the same is hereby amended so as to read as follows: Section 6. Upon the completion of said works they shall be tested as to their power and capacity. When said works shall throw water with the aid of their pumping machinery from any six separate hydrants located in the business or manufacturing part of the city at one and the same time one stream from each hydrant through one hundred feet of rubber hose and a one inch nozzle to a height of one hundred feet perpendicularly, or one hundred and thirty five feet horizontally in still air, for two consecutive hours or two streams from any two hydrants in the city selected by the Council through 500 feet of rubber hose and one inch nozzle above the roof of

any building now in the City, in all cases where the hydrant is located upon a main pipe performing a circuit, but from those hydrants located upon pipes denominated dead ends or those on lines not performing a Circuit through 400 feet only, and if successful the rental for fire service herein stipulated shall begin and the said City agrees to furnish said grantee or assigns upon said test certificate in duplicate to that effect, and said grantee shall maintain such force during the life of this franchise and the Common Council may require such test twice in each year by giving one days notice to officer in charge of the waterworks.

The following resolution was introduced and passed Resolved, that the City Attorney is hereby instructed to prepare and the Mayor and Clerk to execute a lease on behalf of the City to the Whitewater Waterworks Co. of a tract of land in the City Park to be selected by said Company not to exceed 100 feet square for the purpose of erecting thereon a tower and standpipe for use of the Waterworks Company.

On motion the Council adjourned.

Regular meeting of the Common Council of the City of Whitewater Wis Tuesday April 16 1889 at 7:30 p. m. Mayor Engbretson presiding. Present, Ald. Cooper, Morey, Beach, Williams, Brugger and Martin. Absent, none. Minutes of previous meetings read and approved.

The following bills were presented and referred to the finance committee, Nos. 294 Pettigrew & Watts $46.40; 295 Henry Church, $55.64; 296, election expenses, $5.00. All the above together with 290, H. L. Janes, $125.29, referred at a previous meeting, were reported back as correct, with recommendation that they be allowed. On motion of Ald. Cooper the Committee's report was accepted and the several bills ordered paid from the general fund in the usual manner.

Ald. Morey from the committee on by-laws and ordinances reported in favor of the adoption of the amendment to ordinance No 20 known as the Waterworks ordinance, introduced at the last meeting of the Council, and moved its passage to a second and third reading and adoption. On vote the aforesaid amendment was adopted.

Amended to Ord 20 adopted

From the select committee on procuring a new dumping ground Ald. Morey reported further time. Granted.

On motion the matter of further work on the streets with crushed stone was referred to the street committee with instructions to report at the next meeting.

A petition of the resident property owners on the West side of Prairie Street between the South line of Pratt Street and the North line of lot 7 Block 1 Duane Harris addition asking that a sidewalk be ordered built between the above mentioned points was

presented, referred to the street committee, by it reported unanimously in favor of granting, and on motion of Ald. Krueger the said walk was ordered and the clerk instructed to cause the necessary notices regarding it to be published in the official city paper.

Bids for the purchase of the city dumping ground were presented and opened as follows; Creighton Bros. $335; Frank Cox $250. On motion these bids were referred to the finance committee with instructions to report at the next meeting.

On motion a permit was granted for lowering the walk on the north side of Center street.

On motion the meeting was adjourned till Tuesday Apr. 29, 1889 at 7:30 p.m.

Hans S. Salisbury
City Clerk.

Adjourned meeting of the Common Council of the City of Whitewater Wis. Tuesday April 23d. 1889, at 7:30 p.m. Mayor Eugene Carlton, presiding. Present, Ald. Morey, Cooper, Martin, Beach, Wilkinson and Krueger. Absent, none.

On motion the regular order of business was dispensed with.

The petition of Luther Cadman and others protesting against the vacating of alley in Block 1 of Trapps 2d addition was presented and on motion referred to the committee on Streets Alleys and walks.

Ald. Martin for the street committee reported in favor of deferring for a time further work in paving the streets with crushed stone. On motion such report was accepted.

The Clerk presented and read the following message from the Mayor:

Gentlemen of the Council. Amendment to Ordinance No 20, Sec. 6, is hereby returned

without my approval, as I believe it for the interest of the City for fire protection as the lines termed dead ends, to require of the water-works Co. to force water from any hydrant on those dead ends through 800 ft of 2½ in. hose one inch nozzle over the roof of any building in the city. In laying out system of pipe lines we calculated on service in case of fire to reach buildings within 800 ft. of nearest hydrant on dead ends. By the amendment as passed, we could only require it through 400 ft. of hose. Since the passage of amendment I have made my objections known to Mr. Gray Jr. and he suggests that section be amended so as to give the city a test of one stream through 800 ft of hose or two streams through 500 ft of hose over the roof of any building. This would meet my approval.

Respectfully submitted

Ed. Engbretson, Mayor.

On motion the vote taken at a previous meeting on the adoption of an amendment to Sec. 6 of Ordinance 20 was reconsidered. On motion the above referred to amendment was by unanimous vote laid on the table.

Ald. Morey presented the following amendment to Sec. 6 of Ordinance 20, which was referred to the Committee on by-laws and ordinances, by it reported unanimously in favor of adoption, and on motion passed to its second and third readings and adopted.

"Ordinance Amending Sec 6 of Ord. No 20

Be it ordained by the Common Council of the City of Whitewater, Wis,

That Section 6 of ordinance 20, which ordinance was passed and adopted Nov. 16, 1885, and known as the Water Works ordinance be and the same is hereby amended

so as to read as follows:

Section 1. Upon the completion of said works they shall be tested as to their power and capacity; when said works shall throw water, with the aid of their pumping machinery, from any six separate hydrants located in the business or manufacturing part of the City, at one and the same time, one stream from each hydrant through one hundred feet of 2½ inch hose and a one inch nozzle to a height of one hundred feet perpendicularly, or one hundred and thirty feet horizontally, in still air, for two consecutive hours; or two streams from any two hydrants in the City, selected by the Council through 500 feet of 2½ inch hose and one inch nozzle above the roof of any building now in the city, in all cases where hydrant is located upon water pipes forming a circuit; but from those hydrants located upon pipes denominated dead ends or those not forming a circuit, one stream through 500 feet of same size hose and nozzle, or two streams through 500 feet of same size hose and nozzle above the roof of any building within the distance referred to from said dead end hydrants; and if successful, the rental for fire service herein stipulated shall begin; and the said city agrees to furnish said grantee or assigns upon said test a certificate in duplicate to that effect; and said grantee shall maintain such force during the life of this franchise and the Common Council may require such test twice in each year by giving one days notice to officer in charge of the water works."

The finance committee reported the power of accepting the bid of Frank Cox, presented at a previous meeting, for the city dumping ground property in the third ward. On motion of Ald. Cooper the report was accepted

and the Mayor and Clerk instructed to make conveyance of same, by following resolution, which was passed: Resolved by the Common Council of the City of Whitewater Wis. that the Mayor and Clerk be and are hereby authorized to make legal conveyance to Frank Cox of the tract of land in the First Ward of said City, known as the "City Dumping Ground" for the sum of two hundred and fifty dollars ($250) to be paid into the general fund of the City of Whitewater Wis

On motion the meeting was adjourned till Monday, May 6, 1867 at 7:30 P. M.

Horr L. Salisbury
City Clerk

Adjourned meeting of the Common Council of the City of Whitewater, Wis., Monday, May 6, at 7:30 p. m., Mayor Engebretsen presiding. Present Ald. Beach, Morey, Wilkinson, Martin and Cooper. Absent Ald. Brugger. Minutes of last meeting read and approved. The committee on streets reported favorably on the petition of P. B. Connors and others referred at a previous meeting, and asking that a part of a certain alley in Block 1 of Triffet 2d. addition be vacated. On motion the committee's report was accepted. Ald. Martin presented the following resolution and moved its adoption:

"Resolved by the Common Council of the City of Whitewater that pursuant to a petition for that purpose the alley in Block 1 of Triffet 2d. addition to the village, now the city, of Whitewater, running north from State street to the alley running east and west through said Block 1, be and the same is hereby vacated and discontinued." On vote the above resolution was adopted unanimously.

The following bills were presented, referred to the finance committee, by it reported as correct, with recommendation that they be paid, and on motion such report was accepted, and the clerk instructed to draw orders on the general fund for the several amounts.

The annual statements of Justices Kuetal and Thompson were presented, read and ordered filed with the Clerk.

On motion the meeting was adjourned.

Hon. S. Salisbury
City Clerk.

Regular meeting of the Common Council of the City of Whitewater, Wis., May 7, 1889 at 7:30 p. m. Mayor Engebretsen presiding. Present, Ald. Beach, Brugger, Morey, Wilkinson and Washburne. Absent, Ald. Salisbury.

On motion the reading of the minutes and the regular order of business was dispensed with. The following was presented and read, as the Mayors Annual Message:

GENTLEMEN OF THE COUNCIL:—In assuming the duties and responsibilities of the office of Mayor and presiding officer of this honorable body for the second term, I do so with the knowledge that our fellow citizens, at the late city election, have given a unanimous endorsement and approval to our policy and service during the past two years. The votes given to the fusion ticket, both in the city and wards, are expressions of the unbounded confidence and esteem reposed in us and show a decided victory for the progressive element of the city, directing us to push forward with city improvements and let them keep pace at least with those prosecuted by private individuals. Whitewater has the reputation of being one of the most beautiful cities of its size in the west. It is noted for its many fine residences, well kept lawns, manufactories, substantial business blocks, public and Normal schools, churches, excellent water power utilized for milling purposes, a good market for all kinds of produce, a fine farming country tributary to us, producing a variety of cereals and dairy products. With prospects better than ever before for the air line railway connection with Chicago and the north,—a city that has by steady and permanent growth attained all this without a so called "boom" in its history, that is free from any bonded or other indebtedness,—with all these favorable conditions there is no reason why it should not continue to prosper as in the past. It should be the aim and is the duty of every citizen, and especially its officials, to so conduct the affairs of the city as to foster and add to its present condition and prosperity. It seems proper at this time to briefly review the work of the past year in the more important improvements. In the first ward an overhead bridge was constructed across the railroad track for the use of pedestrians and especially to afford a safe crossing for school children. Parts of State, Milwaukee and Clay streets were graded and covered with gravel, a walk was built from the railroad crossing on Wisconsin street to Hillside cemetery. A very important improvement was the widening of the street and bridge across the dam, and reconstruction of a stone flume jointly with the Mill Co., whereby the city is relieved forever hereafter from maintaining a crossing over the flume. In making such improvement a heavy outlay of money was necessitated, which was not contemplated by the council in planning the work of last year, but under the conditions that arose it was thought best and most economical to do it at that time. The grading and macadamizing of Second street from Main to Whitewater completes the macadamization of streets in the business portion of the city. The sinking of an artesian well was considered a good deal of an experiment at the time by many, but it was deemed necessary to solve the question of supply for water works, for in case of failure we would have been compelled to obtain a supply of acceptable water at an outlay of from thirty to forty thousand dollars, at least it was so estimated by competent engineers. The success that attended the sinking of the well exceeded the hopes of the most sanguine, and we have an abundant supply of pure water, a supply which would give eighty gallons a day to every man, woman and child in the city, if required. From a report of the daily consumption per capita in seventeen of the larger cities in this country I find the average to be sixty gallons. Upon the completion of the well negotations were at once begun for a system of water works, and finally a contract was closed with C. E. Gray & Sons., to have the works completed by September 1st, this year. The work of putting in the plant is now being prosecuted with due diligence, and no doubt will be completed by the time specified. There was expended on the city park in clearing up the grove, trenching for and laying drains and constructing a walk thereto, about five hundred dollars. This park will be one of the most attractive places in the city in the future, from its ease of access, the natural lay of the surface for public gatherings, and lastly the construction of a water works tower on the hill, with a balcony at the summit, which will give us a fine observatory. The council should be very liberal in the allowance for park improvements, so as to render it as attractive as possible. I am certain it will meet with the approval of citizens and tax payers. Prince street was graded and covered with gravel its entire length, making one of the finest drives in the city, being about three fourths of a mile long and nearly level. A great deal of new sidewalk was constructed last year and old walk repaired, one man being almost constantly employed in repairing walks, but with all the care and precautions taken to avoid accidents and claims for damages resulting from defective walk, we have been called upon to settle such claims. I do not know that we can lessen the accidents with our style of walk. We have at the present time a great deal of walk that will need repairing this year which will require a heavy outlay for this item alone. The life of our style of walk is only six or seven years before it requires replacing or repairing, and the question arrises at this time would it not be cheaper and better for the city to adopt some other material for construction of walk. Concrete or asphalt walk is being used quite extensively in some places and it is claimed to be very desirable. The expense in the first place is more than for board walk, but taking into consideration its durability and small cost for repairs, and that the liability to accidents is reduced to almost zero, I think it would be well to give it a trial, and recommend that the committee on walks give the walk question a thorough investigation. With the expectation of having water works in operation this fall it will be necessary to provide hose and fire apparatus so as to be prepared to make the tests we require from the Water Works Co., at least. The Fire Department should be re-organized, the city divided into fire districts and each district equipped with fire apparatus so as to get the best results obtainable in case of fire, on the part of the city, from water works. To do this it will be necessary for you to create a new standing committee on Water Works and Fire Department. The condition of the finances is as follows: The general fund has been overdrawn about $3,000, this will be cleared up in a few days upon the receipt of license moneys. Should we raise the same ammount in tax for this fund this year as last, we will have about $10,500 to use for general purposes. The school fund has on hand about $6,500, a sufficient amount to pay all expenses up to Jan. 1st, 1890, for school purposes. The condition of the public health has been very good the past year, we having had no serious epedemic. Complaint has been made that cases of contagious diseases are not always reported to the health officer, as required by law. The board of health should see to it that the law is strictly complied with in such cases, also that houses where contagious diseases exist be placarded. The board of health should receive the hearty co-operation of every house-holder in keeping their premises, yards and outhouses in sanitary condition and not allow the accumulation of filth and garbage or other material that tend to breed disease. In regard to equalization of assessments of towns by the County Board a great injustice has been done to this city in the past two years, from the fact that the Board have not taken into consideration the basis upon which our assessment was made as compared with the the assessment of other towns in the county. By this unjust apportionment of state and county taxes we have been compelled to contribute three hundred to four hundred dollars more than was right and just. We should demand that we be treated fairly in this matter and receive such recognition as we are entitled to. If this is not done in future I would favor steps taken to contest such action, which I believe can be done from the fact that the city of Oshkosh, Winnebago Co., under similar circumstances had a commission appointed to adjust this question in its case. The question of sewerage is being agitated by a number of our citizens and you will be called upon in the future to thoroughly investigate the sewerage problem. To enjoy the full benefits of water works sewerage is necessary, and the business portion is very much in need of it at the present time.

In conclusion may our acts as officials be marked by that energy, caution and attentiveness which we would bring to bear in our individual pursuits and business, and our official associations be pleasant and profitable to each and all of us.

Respectfully submitted,

ED. ENGEBRETSEN, Mayor.

The Mayor announced the following standing committees for the ensuing year: On By-laws and Ordinances: Ald. Morey and Wilkinson. On Streets, Alleys and Sidewalks, Ald. Beach, Morey and Prugger. On Licenses, Ald. Prugger and Salisbury. On Finance and Accounts, Ald. Wilkinson, Washburne, and Salisbury. The Mayor appointed John Knight as pound master for the coming year.

On motion the council proceeded to the election by ballot of the several appointive officers. The Mayor appointed Ald. Beach and Washburne as tellers. The informal ballot for city clerk showed five votes cast, of which Chas. J. Walton received four and D. M. Kellogg one. On motion this ballot was made formal and Chas J. Walton duly declared elected as city clerk. On the vote for City Marshal five votes were cast, of which Henry A. Fowler received five on the informal ballot which on motion was made formal, and the said H. A. Fowler was declared elected as city marshal. On motion the Council proceeded to ballot for a city superintendent of streets. Ald. Washburne here made an explanation to the Council stating that the report circulated to the effect that he was hostile to the present incumbent, and that he helped to secure his election by promising that Mr. Cornish should be succeeded by another gentleman, was false, and concluded by placing in nomination Mat. Conlin for the above mentioned office. On the informal ballot for city Supt. of Streets, H. Cornish received

four votes and Mat. Conlin one. On motion of Ald. Washburne the informal ballot was declared formal and H. Cornish elected as Supt. of Streets. On the informal ballot for the election of a City Attorney four votes were cast, of which S. Bishop received four. On motion the informal ballot was made formal and S. Bishop declared elected as City Attorney. On motion of Ald. Morey the Clerk was instructed to cast one ballot for L. M. Goodhue as Park commissioner, and was duly declared elected. On motion the Clerk was instructed to cast one ballot for Pitt Cravath as City Surveyor, and he was declared elected. On motion of Ald. Washburne the Clerk was instructed to cast one ballot for H. J. Wilkinson for President of the Council, and he was declared elected. Ald. Wilkinson presented the following resolution and moved its adoption:

"Resolved by the Common Council of the City of Whitewater, Wis., that one Alderman from each ward be appointed by the Mayor to act as members of the Board of Health for the City of Whitewater for the ensuing year, with all the powers conferred by Sec. 1, of Chapter 167 of the laws of Wisconsin for 1883." On vote the resolution was adopted unanimously. As Board of Health the Mayor appointed Ald. Wilkinson, Salisbury and Washburne.

Ald. Morey presented the following amendment to the By-laws, of the Common which was referred to the committee on By-laws and Ordinances:

"Resolved by the Common Council of the

City of Whitewater, Wis., that Art. 6 of the By-laws of the Common Council of the City of Whitewater be and the same is hereby amended so as to read as follows: Art. 6 The standing committees of the Council shall consist of two members each, except that on Sidewalks and Alleys, and that on Finances and accounts, and that on Waterworks and Fire Department, which shall consist of three each, one from each ward, to be appointed by the Mayor as soon after the annual election as convenient, and shall be as follows: 1, On By-laws and Ordinances; 2, On Streets, Alleys and Sidewalks; 3, On Licence; 4, On Finance and Accounts; 5; On Waterworks and Fire Department."

Application for saloon licenses, together with bonds were presented from the following parties and referred respectively to the Licence and Finance committees: Wm. Mishaelis, Matthew Galligan, P. O. Connors, Jacob Koelzer, Thos. Ryan, M. Messerschmidt, Thos. McElligan, Patrick Connors, James Dunstone, Edward Smith and Nels Quane. All the above were reported back favorably by the said committees, and on motion such reports were accepted and licenses ordered issued to the several parties on payment into the city treasury of $5-00 each. The Bonds of J. D. Hogan as city treasurer, D. M. Kellogg and J. G. Mott as justices, and Louis Carpenter, August Prugger and A. W. Hatch as constables were presented, referred to the Finance committee, by it reported as

corred; and on motion accepted by the Council.

Ald. Mowy presented the following resolution which was ~~and~~ on motion adopted by the following vote: Ayes, Ald. Mowy Prugger, Beach, Wilkinson and Washburne. Noes, none.

"Resolved by the Common Council of the City of Whitewater, Wis., that the salary of the city Clerk be and the same is hereby fixed at the sum of $200 for the year; that of the Marshall at $50 per month; that of the Superintendent of Streets at $2.25 per day while in actual service; that of the City Surveyor at thirty cents per hour while in actual service, that of the City Assessor at fifty cents per hour while in actual service; that of the Marshall's assistants at fifteen cents per hour while in actual service; and that of the Surveyors assistant at fifteen cents per hour while in actual service."

Ald. Wilkinson offered the following resolution, and on his motion it was adopted unanimously:

"Resolved by the Common Council of the City of Whitewater, Wis., that the grade of Hatch Street from Summit Street to Whitton street be and the same is hereby established in accordance with the profile prepared by the City Surveyor, marked "Hatch Street," and filed in his office May 7, 1889."

On motion the meeting was adjourned.

Hosea S. Salisbury
City Clerk.

Rep. adopted.

Ald. Wilkinson and Salisbury for the Finance Com. report that after fully considering the bids for doing the city printing for the ensuing year they recommend that the bid of Cox and Salisbury be accepted. Although the bid of the Gordon Printing Co., is on its face, the lowest, yet when it is known that the Register's circulation is many times greater than that of the News-Gazette, and as the object of an official publication is to reach and inform the greatest number of people at the least expense, then the

bid of Cox & Salisbury is incontestibly the lowest. Alderman Washburn dissented from the report of the majority, but made no minority report. On motion of Ald. Mony, the report of the committee was accepted and adopted, and the printing for the city awarded to Cox & Salisbury for the ensuing year.

The finance committee reported the following resolutions and asked that they be adopted.

"Resolved by the Common Council of the City of Whitewater: That there be and is hereby levied on each dollar of the assessed valuation of the City of Whitewater a tax of four and five-tenths mills (.0045) for general fund purposes for the year 1899.

Resolved by the Common Council of the City of Whitewater: That there be and is hereby levied on each dollar of the assessed valuation of the property in Jt. school district No. 1 in the city and town of Whitewater, a tax of three and one-half mills (.0035) for school fund purposes for the year 1899" which resolutions were adopted, Ayes. Beach, Mony, Salisbury, Wilkinson and Washburn. Noes. none.

On motion, the finance com. was instructed to investigate as to the advisability of purchasing an additional lot on the south east side of the city park, and report at the next meeting of the council.

The same committee also reported Ordinance No. 24, as follows, and recommended its adoption:

ORDINANCE No. 24.

To Regulate the Speed of Railroad Cars Within the City of Whitewater and Protect Certain Street Crossings.

The Common Council of the City of Whitewater do ordain as follows:

Section 1. No locomotive, engine or railroad car shall be run or propelled within the limits of said City of Whitewater, upon any railroad track laid therein, at a greater speed than miles an hour. And any railroad company, or its agents, officers or conductors, who shall violate this ordinance by running any locomotive engine, with or without cars, more than miles an hour within the limits of this city shall, upon conviction, forfeit and pay a penalty of not less than $3 nor more than $25 for each offense, with costs of suit; and in case such penalty and costs are not paid, the defendant shall be confined in the city lockup until such penalty and costs are paid, but not exceeding twenty days for any one offense.

Sec. 2. It is hereby made the duty of the railroad company known as the Chicago, Milwaukee & St. Paul Railroad company, whose track runs through this city, to erect, keep, and maintain, at its own cost and expense, proper and approved gates and guards upon Franklin, Wisconsin, and Depot streets, in this city, at the points of crossing of the said railroad tracks, which gates shall be so constructed and ready for use at such crossings within months from the passage of this ordinance, and shall be operated in such a manner that at a reasonable time before the arrival of trains between the hours of 8 o'clock a. m. and 8 p. m. of each week day such gates can and shall be closed in such a manner as to inclose said track at such crossings against teams upon such streets until such train or trains have passed.

Sec. 3. If any servant, agent, engineer or conductor of any locomotive engine or train of cars shall run such locomotive or train, or both, upon or over such railroad track over the said crossings, or either of them, between 8 o'clock a. m. and 8 p. m. any day (Sunday excepted) after the expiration of three months from the passage of this ordinance, without such gates being closed as in this ordinance provided, such person shall forfeit and pay a penalty of not more than $25 nor less than $2 for each offense, with costs of suit; and in case such penalty and costs are not paid, such person shall be confined [illegible]

On motion of Ald. Morey, consideration of the ordinance was deferred until the next regular meeting of the council.

On motion of Ald. Wilkinson, the Com. on Streets were instructed to investigate and decide as to what work in sidewalk building and guttering is necessary to be done on the west side of First street, between Main and North streets, and cause the same to be done by the Supt. of Streets.

The following communication from C. E. Gray, Jr. & Co., was read:

Whitewater, Aug. 20, 1889.

To the Honorable Mayor and Common Council of the City of Whitewater.

GENTLEMEN:—We find it impracticable to complete the Whitewater water works as provided for in the ordinance granted by your honorable body dated Nov. 16, 1888, authorizing C. E. Gray and C. E. Gray, Jr., to construct water works, from the fact that the tower masonry is not as yet sufficiently set to receive the full weight it is to carry; besides, the tank to be placed thereon has not been shipped as yet, and it will take some considerable time to erect same upon its arrival. One pump is also delayed and other material has been slow in reaching us, from circumstances wholly beyond our control; therefore we request that you give us an extension of time of sixty days from Sept. 1st, prox., for the completion of the said works.

We expect to pump water within twenty to thirty days, but may not be ready for the final test before sixty days. Respectfully submitted, C. E. GRAY, JR., & Co.,

C. E. GRAY,
Prest. Whitewater Water Works Co.

On motion of Ald. Wilkinson, the extension of time asked was granted.

Communication from O. T. Hamilton, declining to accept the office of Justice of the Peace for the 3d ward, to which he was elected at the last council meeting was read.

On motion of Ald. Morey, E. D. Thompson was unanimously elected Justice of the Peace for the 3d ward, to fill the existing vacancy for the unexpired term.

On motion of Ald. Salisbury, the appointment of M. R. Stiles as deputy marshal, by Marshal Fowler, was confirmed.

The Chicago, Lake Geneva and Pacific Railway Company desires the city of Whitewater to make a subscription to its common stock as hereinafter mentioned, and, pursuant of the statute in such case made and provided, hereby makes to said city the following definite proposition in writing, signed by its President and Secretary, respectively, and sealed with its seal, and delivers the same to the clerk of said city for the purpose and in order that if this proposition be accepted, and the terms thereof be by it complied with, it may receive from said city negotiable corporate bonds of said city, in the amount and at the time hereinafter mentioned, in payment of the subscription for said common stock so desired to be made by said city.

First. Said Chicago, Lake Geneva and Pacific Railway Company hereby proposes that said city of Whitewater shall subscribe for three hundred (300) shares, each of the par value of one hundred dollars, and amounting, par value, to the sum of thirty thousand (30,000) dollars, of the common capital stock of said Chicago, Lake Geneva and Pacific Railway Company; and further proposes that said city shall pay its said subscription by executing, issuing and delivering, when and as hereafter provided, to said Chicago, Lake Geneva and Pacific Railway Company, an equal amount, par value, to wit, thirty thousand (30,000) dollars, of the negotiable corporate bonds of said city, being the amount of said bonds desired, to wit, thirty (30) of said bonds, each for the sum of one thousand dollars, said bonds to be dated the first day of January, A. D., 1891, and payable on the first day of January, A. D., 1911, and to draw interest at the rate of four per centum per annum from and after the day of the date of the delivery thereof to said Chicago, Lake Geneva and Pacific Railway Company, as hereinafter provided, payable annually on the first day of January in each year, at the National Exchange Bank in the city of Milwaukee, and having annexed thereto interest coupons representing interest to accrue thereon, payable at said bank on each of said days respectively, upon presentation and surrender of said coupons respectively, the principal of each of said bonds to be and become due and payable at said bank on the date of the maturity thereof, upon presentation and surrender thereof, and each said bond to be of the tenor and effect following, that is to say:

UNITED STATES OF AMERICA.
STATE OF WISCONSIN.
CITY OF WHITEWATER.

No——Negotiable Corporate Railroad Aid Bond. $1,000.

Know all men by these presents, That the city of Whitewater, a corporation under

the laws of the State of Wisconsin, is justly indebted and promises to pay to the bearer hereof at the National Exchange Bank, in the city of Milwaukee, Wisconsin, the sum of one thousand dollars, in lawful gold coin of the United States of America, in twenty years from the date hereof, to wit, on the first day of January, A. D., 1911; and further promises to pay, at said bank in said city of Milwaukee, on the presentation and surrender respectively of the annexed coupons, all the interest on this bond when and as it matures on the first day of January in each year.

This bond is one of a series of thirty (30) bonds, each for the sum of one thousand dollars, and numbered from No. 1 to No. 30 inclusive, and amounting in all to the sum of thirty thousand dollars. Said bonds are issued in payment for an equal amount, par value, of the common capital stock of the Chicago, Lake Geneva and Pacific Railway Company, and are so issued after full compliance with all the requirements of the constitution and laws of the State of Wisconsin, and of all other statutes relating to the issue of such bonds, and full performance of every statutory provision for their valid issue. The city of Whitewater hereby declares that it is fully empowered and authorized under and by virtue of the constitution and laws of the State of Wisconsin to create and issue these bonds according to their tenor, and covenants that it has done every corporate act requisite for their lawful creation and issue, and has passed all votes, ordinances and resolutions necessary to their validity, and that it is authorized to, and hereby does, irrevocably pledge its faith, credit, property and revenues now existing and hereafter to be created, to the punctual and exact payment of this bond and each of its coupons, according to the tenor thereof respectively, and that it is bound by resolutions and ordinances irrevocable under the law of Wisconsin, to levy, assess and collect every year, in addition to all other taxes, a tax sufficient to pay the interest as it falls due upon said bonds, and to pay the principal thereof upon their maturity.

In witness whereof, the said city of Whitewater has caused this bond to be sealed with its common seal, and to be signed by its proper officers, this first day of January. A. D., 1891. (To be signed by proper officers.

(Form of Coupon)

The city of Whitewater, in the State of Wisconsin, promises to pay to the bearer hereof forty dollars, in lawful gold coin of the United States, at the National Exchange Bank at the city of Milwaukee, Wisconsin, on the first day of January, A. D., ——, being one year's interest on its negotiable corporate bond in aid of the Chicago, Lake Geneva and Pacific Railway Company, No. ——, for one thousand dollars. (To be signed by proper officers.)

Second. Said Chicago, Lake Geneva and Pacific Railway Company further proposes to said city of Whitewater that it will construct its line of railway from its depot in the city of Lake Geneva, county of Walworth, and State of Wisconsin; thence in a general northwesterly direction, by way of Elkhorn, to its depot in the city of Whitewater, in the State of Wisconsin, and to complete and put its said railroad in operation by the passage of cars continuously between the respective termini above designated, within the term of eighteen months from and after the first day of July, A. D., 1890; and further proposes that the Chicago, Lake Geneva and Pacific Railway Company will make a connection with the Chicago, Wisconsin and Minnesota Railroad, so called, as the same is now located, constructed and operated by the Wisconsin Central Company, at its option, either in the county of Walworth or in the county of Kenosha, in the State of Wisconsin, or in the county of Lake, in the State of Illinois, by means of a line of railway extending from said southern terminus of the railway of said Chicago, Lake Geneva and Pacific Railway Company above defined, to a point of connection with the said Chicago, Wisconsin and Minnesota Railroad, as the same is now located, constructed and operated, lying between Silver Lake station thereon, in the State of Wisconsin, and Lake Villa station thereon, in the State of Illinois, respectively so called; and further proposes that unless it shall comply with its foregoing proposition in respect of completing and putting said railroad in operation by the passage of cars thereover continuously between said respective termini, and in respect of acquiring said connection with the Chicago, Wisconsin and Minnesota Railroad, so called, within said term, then and in such case the bonds of said city above described shall not be delivered to it, nor be valid if delivered.

Third. Said Chicago, Lake Geneva and Pacific Railway Company further proposes that if this proposition be accepted, it will issue as hereinafter provided, in consideration of the negotiable corporate bonds of said city, of the tenor, amount and effect above specified, three hundred shares of its common capital stock, each of the value of one hundred dollars, and amounting in all, par value, to the sum of thirty thousand ($30,000) dollars.

Fourth. The Chicago, Lake Geneva and Pacific Railway Company further proposes that if this proposition shall be accepted as provided by law, then the proposition so made and accepted shall be deemed obligatory as a mutual agreement on the Chicago, Lake Geneva and Pacific Railway Company and the city of Whitewater, and that the Common Council of said city of Whitewater shall, as soon as may be thereafter, cause subscription to be made on the books of the Chicago, Lake Geneva and Pacific Railway Company for the common stock of said Company, above mentioned, and shall provide by ordinance or resolution for executing and delivering its said negotiable corporate bonds above described, in accordance with such agreement, by the proper officers of said city and for the deposit of the same in escrop as hereinafter provided; and the Chicago, Lake Geneva and Pacific Railway Company further proposes that if this proposition be accepted, that said city of Whitewater shall, prior to the issue of said bonds, lawfully pass and adopt an ordinance or resolution directing that there shall be annually levied a tax, in addition to all other taxes, sufficient to pay when due the interest annually to grow due on said negotiable corporate bonds of said city, and also to pay and discharge the principal thereof by the time the same shall be due.

Fifth. Said Chicago, Lake Geneva and Pacific Railway Company further proposes, if this proposition be accepted, to deposit a certificate in due form that said city is the owner of the number of shares of the common stock of said Company, above mentioned, and that said city shall deposit its said negotiable corporate bonds above described, duly executed by its proper officers, in escrow with the National Exchange Bank of Milwaukee, within ninety days after the acceptance of this proposition by said city, upon the trust to deliver the same to the parties respectively entitled to receive the same when and as and if the conditions of the foregoing proposition shall be complied with by the party entitled to the same thereunder, and otherwise to return the same to the parties respectively making said deposit in escrow.

Sixth. The Chicago, Lake Geneva and Pacific Railway Company further proposes that if this proposition be accepted by said city, and said city shall have issued and deposited its bonds in escrow, as hereinbefore provided, and the Chicago, Lake Geneva and Pacific Railway Company shall have received said bonds in strict accordance with the terms of this proposition, and its performance of all the things hereinbefore required to be done by it, then and in that case it will execute and deliver, under its corporate seal, an agreement with said city that it will not during the term ending December thirty-first, A. D., one thousand nine hundred and ten, sell or lease any portion of its railway described in its foregoing proposition, to the Chicago, Milwaukee and St. Paul Railway Company, or to the Chicago and Northwestern Railway Company, and that said city shall be entitled to have and receive from the Chicago, Lake Geneva and Pacific Railway Company, as liquidated damages for any breach by it of said covenant not to sell or lease as aforesaid, a sum equal to the par value of the then outstanding bonds so received by the Chicago, Lake Geneva and Pacific Railway Company hereunder, provided that said agreement shall never be held to in any manner affect the validity or negotiability of any bonds received by the Chicago, Lake Geneva and Pacific Railway Company under this proposition.

Witness the corporate seal of said Chicago, Lake Geneva and Pacific Railway Company, and the hands of its President and Secretary, thereunto respectively authorized by vote of the corporation, this third day of March, A. D., 1890.

Chicago, Lake Geneva and Pacific Railway Company. By W. A. P. Morris, President.

Charles M. Morris, Secretary.

Mr. Weeks also presented the following transcript from the minutes of the last meeting of the directors of the C. L. G. & P. Ry. Co., held in Milwaukee:

"On motion of Mr. Esterly, duly seconded by Mr. Greene, the following resolution was unanimously adopted:

Whereas, This corporation desires the cities of Whitewater and Ft. Atkinson, in the state of Wisconsin, respectively, to aid it in constructing its proposed railway by the issuance of certain bonds, in payment for common stock of said company, as provided by certain propositions made by this corporation to said cities, reference whereto is hereby made:

Now therefore, voted, That the Chicago, Lake Geneva and Pacific Railway Company do, and it hereby does agree for itself and for its lessees, that if said cities shall have respectively accepted said propositions made to each of them respectively, and this company shall have accepted and received all the bonds therein proposed to be issued to this corporation, then and in such case this corporation will not, and its lessees shall not, at any time during the term ending December 31st, A. D., 1910, locate, construct or maintain a depot building, or keep a local agent at any point on its said proposed line or railroad between said cities of Whitewater and Ft. Atkinson; provided that nothing in this resolution contained shall ever be construed to prohibit this company from constructing, maintaining and using such siding or sidings and platforms, without a local station agent or agents, at any point or points upon its said line between said cities as it may find necessary or expedient in the performance of its duties to the public; provided further that nothing in this resolution contained shall ever be construed in any wise to affect any of the bonds desired to be issued by the said cities respectively to this corporation.

Voted That the secretary be and he hereby is requested to deliver certified copies of these resolutions to Messrs. Esterly and Greene for such use as to them may seem desirable or necessary."

State of Wisconsin, County of Dane, ss. I, Charles M. Morris, Secretary of the Chicago, Lake Geneva and Pacific Railway Company do hereby certify that the foregoing and annexed is a true and correct transcript from the records of the Chicago, Lake Geneva and Pacific Railway Company now in my posession and under my control as such officer of said Company.

Witness my hand the seal of the Chicago, Lake Geneva and Pacific Railway Company this fourteenth day of March, A. D. 1890. Charles M. Morris, Secretary.

State of Wisconsin, County of Dane ss.

W. A. P. Morris, President, and Charles M. Morris, Secretary of the Chicago, Lake Geneva and Pacific Railway Company, respectively, do hereby certify and declare that the foregoing resolutions of the Board of Directors of said Chicago, Lake Geneva and Pacific Railway Company were duly passed by said Board at a meeting thereof holden in the city of Milwaukee, Wisconsin, on the fifth day of March, A. D. 1890, and that said resolutions heretofore appearing are true and correct copies from the records of said corporation.

Madison, Wisconsin, March 14, 1890.

W. A. P. Morris, Pres.
Charles M. Morris, Sec'y.

After some explanatory remarks by Messrs. Weeks and Esterly showing that the bonds proposed to be voted will be absolutely null and void unless the terms of the proposition are carried out to the letter and that the agreement not to maintain local agents between the cities of Whitewater and Ft. Atkinson would be printed on the face of the bond, Ald. Wilkinson from the Committee on By-laws and Ordinances presented the following ordinance which was read first and second times and laid over under the rules:

The Common Council of the City of Whitewater, do ordain, that,

Whereas, The Chicago, Lake Geneva and Pacific Railway Company, a corporation under the laws of Wisconsin, heretofore duly delivered to, and filed with the city clerk of the City of Whitewater, in the state of Wisconsin, its certain proposition touching a subscription by the City of Whitewater, for three hundred shares of the par value of thirty thousand ($30,000) dollars, of the common capital stock of said railway company, and providing for the payment of said city of said subscription by an equal amount of its negotiable corporate bonds duly issued and delivered to said company upon the terms and conditions stated in said proposition; and

Whereas, A petition signed by at least twelve resident freeholders of said city, has been duly received heretofore and within three months after the receipt of said proposition by said city clerk, praying that a vote of the legal voters of said city be taken upon said proposition, and that the common council order an election to be held in respect of the acceptance or rejection of said proposition in conformity with the laws of the state of Wisconsin in that behalf made and provided;

Now Therefore, The common council of Whitewater do ordain:

Section 1. That a vote of the legal voters of the City of Whitewater be taken upon the proposition delivered to and filed with the city clerk of the City of Whitewater by the Chicago, Lake Geneva and Pacific Railway Company, on the 12th day of March, A. D. 1890, and that an election be held for that purpose, as provided by law, at some time, and on some day, to be fixed by the city clerk of said City of Whitewater, and that the question as to whether said proposition to the City of Whitewater shall be accepted or rejected be submitted to, and determited by, the legal voters of said city at said election.

Section 2. That the city clerk of said city, and he is, hereby required to give and publish due notice of said election ordered to be held under and in pursuance of section one of this ordinance in manner and form as required by the statutes of the state of Wisconsin in that behalf made and provided.

Section 3. That this ordinance shall take effect from and after its approval and publication.

The regular order of business was then taken up.

The following bills were presented, referred to the Finance Committee, by them reported back as correct, and on motion the clerk was instructed to draw orders on the general fund for the several amounts: No. 432, Ed. Joslin, $1.50; 433, Winchester & Partridge Mfg. Co., $93.62; 434, Robt. Clist, $36.92; 435, C., M. & St. P. Ry. Co., $9.00; 436, H. Cornish, $61.13;

The canvassing board of the city of Whitewater met at the Council rooms at 7:30 p. m.

Present Mayor Engebretson. Aldermen Martin, Salisbury and Wilkinson.

The clerk presented the petition of James Cassidy and 13 others asking that a recount of the vote for Supervisor in the Third ward be ordered, alleging that the inspectors of election in casting the votes had thrown out two or more ballots in which Jos Cassidy's name appeared as the candidate of both the Democratic and Union Labor parties and whereon the voting mark or X appeared after his name wherever printed on the ballot. On motion of Ald. Martin it was ordered that such recount be made by the Board on Friday evening April 4. 1890 at 7:30 o'clock, at the Council rooms and the clerk was instructed to serve the requisite legal notice upon the contesting candidates, requiring them to be present at said time and place.

The clerk then delivered to the Board the sealed returns from the several wards of election of the city, which were then opened and canvassed with the following result.

Adjourned meeting of the Common Council of the City of Whitewater, Wis held Wednesday Apr 22nd 1891 at 7.30 p.m.

Present, Mayor Engebritsen, Ald. Beach, Krueger Martin, Dreifuss and Salisbury. Absent Ald. Wilkinson.

Minutes of previous meeting read and approved.

The following bills were presented and referred to the Finance Committee. No. 593. H. Cornish, $93.23; 594 Quarles, Spence & Quarles $72.50; 595, Ed. Engebritsen $25.00; 596 Election Expenses $96.00. Nos. 593 and 596 were reported back on account with the recommendation that they be ordered paid. On motion the report was adopted and the Clerk instructed to draw orders on the general fund for the several amounts, Ayes Beach Martin Dreifuss Salisbury and Krueger. Nos none.

Ald. Beach offered the following resolution, which was adopted, Ayes Beach, Dreifuss, Krueger, Martin and Salisbury, Nos none.

"Resolved by the Common Council of the City of Whitewater, that the Mayor and Clerk of said City, be and are hereby authorized and instructed to borrow on the faith and credit of the City of Whitewater Wis., the sum of three thousand Dollars ($3000.00) and for that purpose to make and execute a note in the name of the City of Whitewater payable in ninety days after the date thereof, with interest at the rate of seven per cent. per annum after due. The money borrowed as aforesaid to be credited to the general fund of the City of Whitewater.

The following resolution was introduced and referred to the Finance Committee:

"Whereas, heretofore, to-wit, on the 21st day of October 1887, the Common Council of the City of Whitewater, Wis, did pass the following resolution, to-wit-

'Resolved by the Common Council of the City of Whitewater, the following described part of the street or highway bounded on the west by lot eleven (11) block (9) nine; on the north by the south line of Main street, and on the south east by the north line of Whitewater street in the city of Whitewater, be and the same are hereby vacated.'

That said resolution was duly referred to the committee on by-laws and ordinances and was duly reported back by said committee with a unanimous recommendation that it be adopted and which was duly and unanimously passed by the common council on the day and year aforesaid; now, therefore, the Common Council being willing that the title to said vacated premises shall be made to show of record in the office of the Register of Deeds for Walworth County, the petitioner having built upon it and otherwise improved it, it is hereby resolved that the Mayor and Clerk of the City of Whitewater be, and they are hereby authorized to convey said vacated premises by quit claim deed to Hon. S. Salisbury, she having purchased the interest therein held by E.D. Cook and his heirs and assigns forever, thus conveying all interest to and in the said vacated premises possessed by the City of Whitewater.

On motion, the Street Committee was instructed to see J.C. Bowr and notify him that unless he forthwith cured the cess-pool on Second street, used by him, with an ark of masonry, the city would proceed to have the work done and the costs taxed against the property of J.C. Bowr adjoining on the east.

On motion of Ald. Klinger, the Clerk was instructed to notify the Electric Light Co. to place an arc light of 2000 C.p. at the intersection of Tripp and Ann streets subject to all the conditions of the contracts for such lights now in force, between the City of Whitewater and the Whitewater Electric Light Co. Adjourned meeting of the Common Council of the City of Whitewater held Monday evening May 2, 1891 at 7:30.

On motion, roll call was dispensed with.

The committee appointed to audit the books of the Clerk and Treasurer, reported as follows:-

To the Mayor and Common Council

Your committee have audited the books of the City Clerk and City Treasurer and have carefully compared and checked the same and find them to substantially correspond, except that the balance of $2147.16 shown by the treasurer's books belonging to the school fund, should be increased by the transfer thereto of $208.09 amount of tax received from part of School Dist. No 1, outlying, while the balance shown in the general fund should be decreased by a corresponding amount, less $40.76 overdraft on Treasurer's percentage. This amount of $40.76 will be credited to the general fund by the treasurer making a balance in the general fund of $168.19.

All of which is respectfully submitted.

Regular meeting of the Common Council of the City of Whitewater held Tuesday evening May 5, 1891 at 7:30.

Council called to order by Mayor Engelbrecht, who introduced his successor Wm. Geo. W. Steele, who had previously qualified. Mayor Steele took the chair, and ordered the calling of the roll. The following Aldermen answered to their names: Beach, Dinsfield Kluiger, Martin, Alexander, Smith. Absent, Ald. Dinsfield.

Minutes of previous meeting and adjourned meeting read and approved.

The Mayor read his first annual message as follows:

GENTLEMEN OF THE COMMON COUNCIL:

It becomes my duty to-day before you such information and suggestions as appear to me of present importance in the affairs of the city government. I accept this responsibility with diffidence, knowing that members of the Council are more experienced in many of these matters than myself, and that a more full and exact knowledge may lead to further and possibly different recommendation.

The financial affairs of the city will merit your first and most careful attention. Under the provisions of our charter, the entire expense of the city government, improvements, repairs and renewing of sidewalks and indebtedness, falls upon the general fund. This is perhaps as convenient and just an arrangement as any that could be adopted, but one that requires a special care and oversight to insure proper economy and a distribution of the fund in directions where it is most needed. Where local improvements are charged upon the general fund as here there will naturally be a tendency to overdo the call for improvements,—a rivalry of different sections, which it becomes the duty of the Council to moderate and control in the interests of the general public.

The present condition of the treasury is not one of plethora. The payment of out standing orders will nearly or quite absorb the balance in hand and there are notes of the city outstanding to the amount of $3,000. The fixed expenditures for Water Works are $4,000 per year, and lights, at present, $3,547.96. In neither of these items can there be a reduction under the present contracts.

A question has been raised in some quarters as to whether the city is receiving all the benefits from these investments to which it is entitled. In these matters if they should at any time seem to me to require the attention of the Council, I shall not fail to recommend such action as may appear proper.

The expenditure for repairs and renewing of sidewalks, amounting as I understand to some $2,500 per year, while possibly necessary, seems to me a larger sum than the city can afford for that purpose, and while necessary repairs can not be neglected, I recommend an earnest effort at retrenchment in this direction.

The condition of some of the principal streets is such as to give cause for general complaint. The heavy and continual travel on Main, lower Center, North Third and perhaps some other streets, in my judgment continues to make good dirt roads impossible in wet weather. I recommend that such amount as can be spared for permanent improvements be expended largely in macadamizing these streets and in gravelling or covering with stone chippings where full stone roads cannot be made.

The bridge on South Franklin street needs attention; and a careful inquiry should be made as to whether it ought to be repaired or rebuilt. One of the late amendments to the Charter empowers the Council to have work of this character done either by contract or by the agents of the city. I am convinced, however, that important or extensive public works should, as a rule, be first offered to public competition when practicable, reserving the right to reject all bids if unsatisfactory.

The sum to be raised by taxation the present year is not yet fixed; nor is the income from other sources known. The amount to be received from licenses will be available at an early date. The general law and the charter alike provide that no license shall issue until payment in full is made; and any arrangement by which special privileges of credit are granted to some is not only unfair to others who pay in full, but is in direct violation of law. Licenses so issued would undoubtedly be void, and probably the officials issuing them would be personally liable for any loss of revenue to the city.

The license moneys, when received, should be first applied to the payment of the existing debt and the expenditures between this and the end of the year should be kept as nearly within the limit of the funds on hand as the public obligations will allow. I am not in favor of incurring any further debt for any purpose except in temporary emergencies; nor of any increase of taxation unless it should appear unavoidable.

There are many improvements which are most desirable and are much needed, but they are not such, in my opinion, as should be allowed to override a reasonable economy.

It is now but six years since our first city government was inaugurated, but we already have a most extensive system of water works and electric lighting provided, as well as good fire apparatus, and considerable street and other improvements made. In view of the heavy expenditure necessary to keep these improvements up, amounting to a sum equal to interest at five per cent. on over $150,000.00, and considering the condition of the treasury and the present business outlook, it seem to me we would not be warranted in undertaking any further extensive improvements for some time to come. It is true our rate of taxation is not high compared with that of some other cities, but our expenditures, instead of being for permanent improvements belonging to the city, are mainly for current expenses only, and it is believed that these are as high as any city of its size would desire, and as high as they ought to be allowed to go, under present conditions.

The general condition of good health and good order in the city is most gratifying. The health and police departments are deserving of hearty support. I think the duties of the marshall should be confined as nearly as possible within the city limits, and that all fees received by him while the present salary is paid, should be turned into the treasury. The fire department is also believed to be in an efficient condition. Too much credit can not be given to those citizens who give time and labor, often at great personal inconvenience, to the duties of this department. The equipment is believed to be reasonably complete. It has been suggested that a small body of fire police would be useful in preserving order and protecting property at fires. If thought best such an organization could be effected under Sec. 7, Chap. 10 of the charter.

The public schools are in a prosperous condition, fully justifying the liberal expenditures which I have no doubt you will think it wise to continue. The increase in attendance, owing largely to increased facilities and efficiency, especially of the High School, makes it likely that an additional school building will be needed in the near future. Among our most important duties will be that of sustaining the Board of Education in their work.

The numerous claims now pending against the city for damages from street grading, will claim your early investigation. I shall reserve the discussion of these matters for some other occasion.

In conclusion, gentlemen, allow me to express the hope that our official relations may prove pleasant to us all personally, as well as profitable to the public. The known sentiments of the members of the Council as well as the late unanimity of action by the people, whose will we are here to serve—give reason for confidence that minor differences of opinion will be harmonized and we shall not fail to act together conservatively in the public interest.

In assuming the duties of this office I rely, and must continue to rely, on the hearty support and assistance of the Council and each of the City officers.

Acting together with an eye single to the interests of the city and a careful regard for all the requirements of the law we shall be able to meet with confidence the duties and the difficulties before us.

GEORGE W. STEELE,
Mayor.

During the reading of the message Ald. Dinsfield came in and took his seat.

On motion of Ald. Beach, the salaries of the several appointive city officers were fixed as follows: Clerk $300.00 per annum;

Marshall $75.00 per month; all fees to be turned into the general city fund; Street commissioner $2.25 per day; Health officer $50. per annum. Ayes Beach, Alexander, Martin Smith and Klinger-Nos, Duffield-

On motion, the council proceeded to the election of officers for the ensuing year. Ald Duffield and Clerk Walton were appointed tellers. On the first ballot for President of the council J. P. Beach received 5 votes and J. B. Smith one vote. Ald. Beach was declared elected.

On the first ballot for clerk A. W Martin received 2 votes, Chas. Beach 1, W. B. Rider 1, H. E. Smith 1 and C. J Walton 1. Walton asked that he be not considered a candidate for the position as he could not devote the necessary time to the work. On the 3d ballot H E Smith received 4 votes and A. W Martin 2 votes. Smith was declared elected.

On the first ballot for Marshal H. A. Fowler received 6 votes and was declared unanimously elected.

On the first ballot for Street commissioner, H. Cornish received 3 votes, W. Nichols 2 and Ole Soby 2 1. On the second ballot Cornish received 3 and Nichols 3. The vote being a tie, the mayor gave the casting vote to Warren Nichols who was then declared elected-

The mayor appointed the three junior aldermen the City Board of Health, explaining that he simply followed precedent, but had doubts of its legality, and reserved the right to rescind the appointment, should investigation confirm his doubt.

On motion Pitt Cravath was elected city surveyor unanimously viva voce, and his salary placed at $3.00 per day

The mayor appointed the following committees=

On By-laws and Ordinances – Alexander and Smith.

On Streets, Alleys and Sidewalks – Martin Smith and Alexander.

On License – Dinfeld and Martin

On Finance – Beach, Smith and Klinger.

The following persons presented petitions asking that they be granted saloon licenses for the ensuing year= J. H. Quinn, Jacob Korlzer, A. Millrath, Julius Johnson, Pat Connors, James Galligan, P. B Connors, Edward Smith, Thos. Ryan, Nels. Quam, Erik Johnson, W. Michaelis, M. Messerschmidt, Jas. Dunstone. These petitions with the accompanying bonds were referred the License committee. The following communication was read from the Mayor, and the recommendations therein mentioned were approved and unanimously adopted:

"Gentlemen of the Common Council.

After a careful examination of questions relating to the grade lines of Main St. I am of the opinion that the work of grading should be suspended until the grades are fully established, and any uncertainties which may be involved in the matter are cleared

up and definitely settled. As a preliminary to this work I recommend that the City Surveyor be directed to complete the surveys of these grades in accordance with the present center line and report the same to the Council for such action as may be deemed best. The difficulties and uncertainties both of fact and law, which beset these matters are most perplexing, and it is hoped that all parties interested may be willing to cooperate with the Council in an effort to reach a permanent settlement of the questions involved without unnecessary delay or expense to the city.

I also recommend that the Mayor be authorized to make such investigation and take such legal counsel as he may think necessary in the matter of city grades and the claims for damages now pending."

W. E. Smith,
City Clerk.

Regular meeting of the Common Council of the City of Whitewater held Tuesday April 19, 1892, at 7:30 P.M.

Meeting called to order by Mayor Steele.

Present:- Aldermen, Beach, Dierfeld, Martin, Smith, and Alexander.

Absent:- Ald. Klinger.

Minutes of the previous meeting read and approved.

Alderman Klinger came in and took his seat after the reading of the minutes.

Upon request the Committee on Electric Lights was granted further time in order to more thoroughly investigate the city electric-light service.

The Finance Committee, after thoroughly investigating the claims now pending against the city, reported that, in their judgment, it was for

the best interests of the city to settle same; and, in accordance with this report, the following resolution was introduced and adopted:—

Ayes:- Beach, Klinger, Dierfeld, Smith, and Alexander.

Noes:- Martin.

Resolved by the Common Council of the City of Whitewater, that the Mayor be and he is hereby authorized to compromise and settle the claims for damages from illegal grading, now on file, as follows:-

D. N. Inman,	Center & 2nd. Streets	$500.00
Robert Bridge,	" " "	250.00
M. P. Webb,	" " "	400.00
M. M. Webb,	Center Street	300.00
Estate T. K. Webb,	Second Street	100.00
Byron Brown,	Center Street	150.00
Dexter Bridge & Co,	Main Street	3000.00

Approved- April 19, 1892.

Geo. W. Steele, Mayor.

The following recommendation from the Mayor was attached to the above resolution:-

I recommend the adoption of this resolution for the following among other reasons:-

1st. The City is certainly liable for all damage done in these cases, upon the same grounds as in the Whitmore case and probably on other grounds.

2nd. The rule of damages long established in this state is the cost of changing the premises to the new grade less benefits, if any, by new grade.

3rd.— In some of these cases the change has been made, and in the others estimates have been obtained from competant experts. In each case the actual cost has been taken as a basis— and a heavy discount made,— in most cases one third or more.— I am satisfied these are the best terms to be had and that they are not unreasonable.

4th.— In case of the "Mill Property", it has been suggested that the filling be removed; and that alternative has been carefully considered; but I am convinced that it would not be for the interest of the City. It would be necessary to lower the bridge and water mains, and to cut down the streets westward on Main and Whitewater Streets involving the payment of damages there. The cost of removing and rebuilding would probably be $1000.00 or more; the city would still be liable to the mill owners to an unknown amount, and the whole would be a total loss— and public travel would perhaps always have to pass through the former hollow at the bridge.

As it is,— the improvement is a valuable public convenience, and— while it is unfortunate that this needless liability was incurred— yet, as the case now stands, I am fully satisfied that the best interests of the City require a settlement on the terms pro-

Passed.

Geo. H. Steele, Mayor.

A petition, signed by a large number of business men, was presented — requesting that the waterworks be extended and a hydrant put in at the Whitewater Paper Mill so as to afford proper fire protection — in accordance with which the Council passed the following resolution:-

"Ayes:- Beach, Klinger, Dierfeld, Martin, Smith, and Alexander -

"Noes: none -

"Resolved by the Common Council of the City of Whitewater, that the Mayor and Clerk be authorized to contract with the Waterworks Co. for an extension of the 4 inch water mains from the point on said mains nearest the Paper Mill to a point near the mill, with one additional hydrant for the protection of the mill and adjoining properties, at the rates proposed by Mr. Gray, namely:- The City to pay $200 of the cost of mains and labor, and to pay the regular extension rental, viz: $33 per year for the hydrant — to end at same time as original contract — Provided suitable rights over the intervening lands be secured to the City and Waterworks Co.

Approved Apr. 19, 1892

Geo. H. Steele
Mayor.

The matter of city fire-bell was brought up for discussion and the following resolution adopted:-

The Mayor appointed L.M. Goodhue as Park Commissioner, and John Knight Sr. as Pound Master for the ensuing year.

The Council then listened to the following annual message from the Mayor.

Mayor's Address.

The following is Mayor Steele's address to the Common Council at the first meeting for the year. It should have a careful reading by all interested in our municipal affairs:

GENTLEMEN OF THE COMMON COUNCIL:—In addition to the usual routine of city government it became the duty of the last council, as it will be to some extent of the present one, to meet and settle the legal and financial complications and liabilities in which the city has been involved. This has been at best a burdensome and unwelcome task, but one from which there was no escape, unless by leaving the city to drift into costly and hopeless litigation. A large share of the attention and revenues that might otherwise be given to present requirements of the city, has necessarily to be applied in these directions to the disappointment of many otherwise reasonable demands. In these circumstances it has been and I hope, will continue to be our aim, to economize in expenditures even at the expense of some inconvenience but without neglecting the public obligations; and in general to manage the city business as a prudent man would his own. Fair progress has been made in these settlements. The Whitmore judgment has been paid. The suit begun by R. E. Downie against the city in the Circuit court was pushed for trial by the city at the last term and was then discontinued by the plaintiff without expense to the city. At the last meeting of the council a settlement was authorized of the pending claims for grade damages. Provision must be made for their payment if settled either by the use of present funds or otherwise; and in any case an increase of general taxes to about that amount will be unavoidable if we are to expend even so much as last year on the streets, and this appears to be so far a necessity that I cannot recommend any less. I feel confident that a continued economical, prudent and resolute course will bring us to the end of the present year, freed from old liabilities and with the more pressing needs of the city sufficiently cared for.

It has been the practice of the city government for a number of years to expend most of the revenues before they were received; borrowing money to pay current expenses and repaying it when taxes were paid in. In consequence of this, our last year was begun with an outstanding indebtedness of over $4500, besides the Whitmore judgment of $975. Whether this plan of spending our money before we get it, is the best financial policy may well be doubted. In any case it was not practicable to change it in a single year. We have so far improved the situation however, that our present debt does not exceed $3500.

I submit herewith a statement from the city clerk, showing the disbursements of the year. The large expenditures for the fire department, were made necessary by the inferior quality of the hose furnished heretofore by the N. W. Rubber Co. The fire department is now fairly well provided for, and in an efficient condition. A resolution was recently adopted favoring payment for hard work at fires, but retaining control of the matter in each case by the council. Further than this it was not thought best to go, as the city is certainly not now prepared to sustain a paid fire department.

The telephone connection with the waterworks may, in my opinion, be dispensed with. If any connection of the kind be thought necessary, I would recommend an electric bell.

The sidewalk expenses have been successfully reduced while fully maintaining the sufficiency of the walks. From the expenditure of $1411.41 shown in the annexed statement should be deducted $200, or more, for lumber now on hand. The new walks have been well built and at a greatly reduced price. About 130 rods of stone and gravel road has been built on Fremont street, besides a constant attention to repairs in all parts of the city. Such street work as the state of the finances permitted, has been well done and the city has received full value for the money expended. The building of permanent roadway on Main street has been delayed, in part, by doubts as to the legality of the grades fixed by the city in 1885. After the fullest inquiry, I conclude that it would not be safe to depend on these grades, and that before doing any work on Main street, which could be claimed as damaging any one, it will be necessary to have a petition from owners fronting on the street in favor of this grade, and to re-establish it. The question of grade lines being first settled, I would then recommend the building of as much stone or gravel road, as we have means to build, on such of the streets as appear to be most in need of attention, and that other principal streets be graded and repaired.

The electric light service has been under consideration for some time past, the facts appearing to require a better understanding with the company. The running time required by the contract is from sunset until half past one a. m., except clear nights at ¾ full moon; the average time being seven and one half hours, the longest nine and the shortest six hours. It appears that the extreme capacity of the present lights is seven hours and the average run much less, and that the company is not prepared to fully carry out the contract during the winter season. With a knowledge of these facts, I did not feel warranted in paying the contract price, without the direction of the council, and the payments for March and April have not been made. In conjunction with the proper committee, I have given the matter careful consideration, and I recommend that, if the company desire it the running time in winter, be shortened so that the lights shall start one half hour after sun set, and run only until midnight, reducing the price in a proper ratio and that the monthly payments be audited by the council upon verified accounts of the company, the same as other claims. In regard to the payments for March and first half of April, the shortage in time being nearly one-fourth, I am advised that the price should be reduced about one-tenth, and I recommend that the company be asked for that reduction. During the summer season I have no doubt the contract requirements can and will be fully complied with and perhaps arrangements made for the full run during the winter.

Attention has been forcibly called in many instances to the need of a revision of the standing ordinances of the city as well as some parts of the charter. Whenever this is undertaken, it should be carefully and thoroughly done, and will require time and expense. It does not seem best to attempt a general revision of the ordinances until the charter has some attention. Just now the fate of all special city charters is uncertain, as an amendment to the constitution has been proposed for adoption at the November election, prohibiting the enactment or amendment of any such charter. If this amendment should be adopted, it will be likely to oblige us to re incorporate under the general city law, since some changes in our charter are imperatively necessary. In any case we should have the matter under consideration with a view to prompt action as soon as the way is clear. The general city law is a good one, and while its adoption would change our local policy in many directions, it would be in no respect a calamity. I trust we may be united during the coming year in our efforts for the best interests of the city.

For Teachers Salaries		$9200.
" Janitors "		750.
" Fuel		800.
" Library		300.
" Apparatus		300.
" Rent		200
		12650
Less State and County Aid (Estimated)		3350
		$9300.

The following communication was received from the Mayor.

"Gentlemen of the Common Council:

The annexed resolution raising the wages of Jas Quinn to $1.75 per day for sidewalk labor is hereby returned without my approval.

I can see no good reason for paying more for the work this year than last. In fact it will be of less value because less new walk will be built.

It does not require a especially skilled workman and so far as the repairing is concerned it is not laborious work but the reverse and $1.50 a day seems to me a fair and sufficient price.

The provision for back pay at the higher rate appears especially objectionable.

With these views of the matter I feel compelled to object to this resolution and respectfully ask its reconsideration.

Dated June 25th 1892 Geo H. Steele Mayor
